The average taxable value of a residence homestead in Galveston County last year was \$114,427. Based on last year's tax rate of \$0.570000 per \$100 of taxable value, the amount of taxes imposed last year on the average home was \$652.23.

The average taxable value of a residence homestead in Galveston County this year is \$111,318. If the governing body adopts the effective tax rate for this year of \$0.639173 per \$100 of taxable value, the amount of taxes imposed this year on the average home would be \$711.51

If the governing body adopts the proposed tax rate of \$0.680283 per \$100 of taxable value, the amount of taxes imposed this year on the average home would be \$757.28.

Members of the public are encouraged to attend the hearings and express their views.
