Re: Consideration of adopting the Fiscal Year 2014 County Budget

As a result of sound fiscal leadership and the outstanding efforts of many throughout County government, Galveston County has traversed far down the path of recovery from the global recession of 2009 and the devastation caused by Hurricane Ike. At a time when some governmental entities are struggling to avoid financial collapse, Galveston County is well positioned to meet the needs of the community and the challenges of the future.

The fundamental goal in the development of this budget was to minimize the burden on County taxpayers by responsibly funding state and federally mandated programs and those discretionary services that are most beneficial to the community. As should be expected, the health, safety, and welfare of citizens and visitors to the County continue to be the primary focus.

Budget Highlights

- The proposed ad valorem tax rate has been reduced from the current tax rate of $.60877 to $.5898 for a $.01897 reduction. Since Fiscal Year 2011 the tax rate has been reduced a total of $.03895 per $100 of assessed value.

- Based on current property values the tax reductions over the past two years equates to a savings to taxpayers of approximately $7.7 million annually.

- The proposed ad valorem tax rate is $.022382 below the 2013 Effective Tax Rate of $.612182 and $.052687 below the 2013 Rollback Rate of $.642487 making this, by every definition, a tax decrease for the taxpayers of Galveston County.

- Even though the total assessed value of properties in the County has increased from $24.5 billion to just under $25 billion and the total estimated taxable values of properties has increased by 2.3%, property tax

revenue is projected to be $122.8 million in Fiscal Year 2014 which would be approximately $986 thousand lower than the current fiscal year.

- Unlike many governments, the operating budget continues to be effectively managed to avoid short-term borrowing to fund operations during the fiscal year.

- Unlike many governments, Galveston County continues to fund capital needs with operating revenues, thereby avoiding the cost of additional long-term borrowing.

- The expenditure budget including transfers is $182.5 million and estimated revenues are $183.6 million for all budgeted funds.

- Funds in which Commissioners Court has oversight are projected to have a surplus of $1.3 million with an expenditure budget including transfers of $181.9 million and revenues and other sources projected to be $183.3 million.

- The expenditure budget for all funds (excluding inter-fund transfers and budgeted reserves) is $174 million which is a reduction of $1.2 million from the Fiscal Year 2013 Budget (adjusting for a change in accounting for inter-fund transfers). The expenditure budget including inter-fund transfers is $182.5 million which is $6.3 million less than the Fiscal Year 2013 Budget.

- Operating funds primarily funded by ad valorem taxes have gone from a $5.4 million budgeted operating deficit in Fiscal Year 2011 to a $524 thousand proposed operating surplus for Fiscal Year 2014.

- Funds primarily funded by ad valorem taxes are projected to have fund balances totaling approximately $56.6 million at the end of Fiscal Year 2014 which would be $2.5 million over the official goal of 25% of the expenditure budget, plus an additional $20 million for various contingencies ($2.5 million potential FEMA match, $5 million for potential FEMA disallowed expenses, $5 million for emergency, $5.6 million for possible repayment of the FEMA Community Disaster Loan and $1.9 million for unanticipated needs).

- Certain departments will no longer be assured of having a budget surplus as a result of the practice of funding all positions for the full year. The personnel budgets of those departments that have historically experienced large salary lapses have been reduced by a total of approximately $2.5 million for vacancies that are expected to occur in Fiscal Year 2014. This is very conservative considering that salary lapse has ranged from $3.7 million to $5.7 million since Fiscal Year 2007 and for Fiscal Year 2013 is projected to be $3.5 million. This accounting change will provide more accurate reporting of departmental performance relative to budget.

- While some new positions have been created, the number of FTE positions for all funds has been reduced by a total of 46.6 from 1,231 in Fiscal Year 2011 down to the proposed 1,184.4 for Fiscal Year 2014, for a net 3.79% reduction in government staff size over the past 3 fiscal years.

- The following is included in the Fiscal Year 2014 Budget:

    - ✓ Enhancement of public safety through the continued funding of 3 Sheriff's Office investigators that had been originally funded by a grant, the addition of 2 Sheriff's Office deputies to improve 911 communications, and the addition of 1 deputy to be assigned to the County Jail. It should

also be noted that the position of Judicial Compliance Officer, to reduce the incidence of drunk driving by repeat offenders, was recently added to the current year budget.

- ✓ The addition of a position in the District Clerk's Office to provide increased passport services to the public.

- ✓ An increase of 15% in general fund support for non-jail indigent healthcare from $2.08 million budgeted in Fiscal Year 2013 to $2.4 million budgeted in Fiscal Year 2014.

- ✓ A total debt service budget of $31.7 million. Since Fiscal Year 2012 the total debt has been reduced by $18.8 million as a result of savings from refinancing and paying debt off early.

- ✓ A pay increase of 1.5% plus a $500 one-time payment for County employees. The proposed pay increase for Fiscal Year 2014 and the 3% pay increase approved in Fiscal Year 2013 total 4.5%, whereas the national CPI has only increased by 3.2% from October 2010 to July 2013.

- ✓ An additional $557 thousand for merit increases and position upgrades for numerous individuals including $158 thousand for potential additional raises for the Information Technology Department and District Attorney's Office.

- ✓ Continued County funding of the employee health benefits program. Through effective management of the program, the rates that County employees will pay in Fiscal Year 2014 are the same as those paid in Fiscal Year 2011.

- ✓ Continued County funding of the employee pension system at the current rate of 200% of the employee's contribution even though the County's payment into the pension system is projected to increase by $573 thousand.

- ✓ A restructuring of the Justice Courts resulting in annual savings of nearly $300,000.

- ✓ $150 thousand contingency for litigation related to the redistricting of the Justice Courts, which is expected to provide significant savings in future years.

- ✓ $160 thousand funding for non-profits to implement a more efficient manner to provide for citizens in need. The restructuring of the program is expected to result in annual savings in excess of $165 thousand while simultaneously increasing funding for benefits provided to citizens.

- ✓ The Guardianship program is funded for the full year as it currently operates. However, annual savings of approximately $200 thousand may materialize as this program is outsourced through the contracting process being implemented during the first quarter of Fiscal Year 2014.

- ✓ $777 thousand for the purchase of 22 new vehicles, 18 of which are for the Sheriff's Office.

- ✓ $3.3 million for equipment and capital expenditures most of which is for information technology equipment and enhancements and Road and Bridge equipment. It should also be noted that numerous capital expenditure items that were identified during the budget process have been accelerated and advance-funded in the current fiscal year. These items include information technology enhancements, replacement of all County desktop computers, improvements to Park

facilities, improvements to the Juvenile Justice facility, replacement of Sheriff's Office vehicles and various other items.

- ✓ In addition to the expenditure budget, the budget includes a total of $43,745,000 in budgeted reserves across all funds which can be made available to fund unanticipated expenditures.

The County's bond ratings remain among the highest ratings in the area at AA+ with Fitch and Aa1 with Moody's. In fact, according to Fitch there are only 13 countries in the world that have a higher credit rating than Galveston County.

The accompanying reports and summaries provide detailed information related to the Fiscal Year 2014 Budget. Financial policies are being adopted with this budget and Human Resource policies are included as reference.

Development of the annual budget is a team effort relying on the knowledge and expertise of individuals on all levels of County government and valuable input from the public.

I would like to thank Commissioners Court and the many fine public servants who put forth their very best effort to serve the Galveston County taxpayers throughout this budget process.

This Budget is hereby presented for adoption for Fiscal Year 2014.

Re: Fiscal Year 2014 Budget

Department Heads and Elected Officials:

I want to commend all Galveston County employees for their considerable effort, sacrifices and commitment in providing exemplary service to the public. The budget constraints resulting from Hurricane Ike and the recession have been significant, however, It should be noted that effective management of the budget has enabled the County to fund a 3% cost of living increase this fiscal year, maintain the TCDRS matching rate at 200% and avoid dramatic measures taken by other governments to reduce the payroll.

Cost cutting measures have eliminated the $6.5 million net operating deficit of funds primarily funded by ad valorem taxes carried over from Fiscal Year 2011. However, as pending cases on disputed property values may result in reduced ad valorem tax revenue, it is imperative that we redouble our efforts to identify ways to operate more efficiently and reduce costs.

Although the Budget Office has developed a base budget for many line items in your budget, your requested budgets will be reviewed with the goal of identifying further reductions. All services and expenditures will be scrutinized with the goal of meeting the needs of the community while minimizing the burden on County taxpayers. Funding will only be provided for state and federally mandated programs and a minimal amount of discretionary spending on critical community needs. The health, safety, and welfare of the citizens are the primary focus.

It is the stated direction of a majority of Commissioners Court to reduce the size and cost of county government through attrition and consolidation. Many of the functions the county provides are required by the Legislature, but some are not. We would like your input in identifying areas we may reduce the amount of tax dollars spent on functions that may be deemed "discretionary".

An incentive plan is being developed to reward employees who make a suggestion that leads to a reduction in expenses in any department. We are again asking for your input, assistance, and support in allocating limited financial resources to meet the most critical needs of Galveston County.

Sincerely,

Mark Henry

Re: Fiscal Year 2014 Budget

Welcome to the Fiscal Year 2014 budget process. The Budget Office has been directed to develop zero-base budgets to the fullest extent possible. We will accomplish this directive by employing beneficial elements of zero-base budgeting theory while avoiding some of the more inefficient and questionable practices sometimes associated with zero-base budgeting.

The enclosed Fiscal Year 2014 budget packet includes:

- Guidance letter from County Judge
- A line item base budget for each department
- Departmental mission statements and workload measurements
- A list of departmental contracts approved for the current fiscal year
- Department Personnel listing
- The budget schedule (Available on P: drive in FY14 Budget folder)
- Personnel Adjustment Request Form (Available on P: drive in FY14 Budget folder)
- Travel and Education Request Form (Available on P: drive in FY14 Budget folder)
- Membership Request Form (Available on P: drive in FY14 Budget folder)
- Cell Phone Request Form (Available on P: drive in FY14 Budget folder)
- Budget Survey (Available on P: drive in FY14 Budget folder)
- IFAS Budget Module Instruction booklet (Available on P: drive in FY14 Budget folder)

Please follow the guidance below in developing and submitting your Fiscal Year 2014 budget:

- The Budget Office has developed a line item base budget for each department which has been adjusted in some cases for current spending trends. Each department will be expected to make every effort to identify further reductions to develop the most cost efficient budget needed to provide base level

mandated services. If the requested budget is higher than the base budget for a line item, benchmarks and factual data should be provided to justify the higher amount.

- A significant change this year is that the Budget Office (Denise Yearnd) will enter the requested budgets for all personnel related line items for all departments. The Budget Office will also make all adjustments in the Budget Module based on the personnel request forms and specific requests (overtime, temporary help, etc.) received from departments.

- Departments will enter the requested budget in the Budget Module for all line items that are not personnel-related line items.

- If you are requesting any personnel adjustments, it is imperative that the excel spreadsheet Personnel Adjustment Request Form be submitted to Human Resources by the deadline indicated on the Budget Calendar (changes to the requested budget in the Budget Module will be made by the Budget Office).

- Base budgets for Travel and Education will be zero. Departments requesting a budget for Travel and Education must complete the excel spreadsheet provided by the Budget Office listing the purpose, location, number of staff members attending, names and/or positions of staff members attending, and the reason the education/travel is beneficial to the County for each specific travel need.

- Base budgets for Membership Dues will be zero. Departments requesting a budget for membership dues must complete the excel spreadsheet provided by the Budget Office listing a description of the membership dues, the organization, cost of membership, the names and /or position of staff members if applicable and the reason the membership is beneficial to the County for each requested membership.

- Base budgets for cell phone expense will be zero. Departments requesting a budget for cell phone expense or allowance must complete the excel spreadsheet provided by the Budget Office listing the position and justification for each requested cell phone or cell phone allowance.

- Base budgets for non-capitalized and capitalized equipment, vehicles, capital outlay, etc. will be zero and each requested item will be reviewed by Commissioners Court.

- Departments must enter non-capitalized and capitalized information technology equipment requests into the Budget Module (in the past non-capitalized IT requests were not entered into the Budget Module). Requests that are approved by Commissioners Court will be deleted from the requested budget of the requesting department and added to the Information Technology Department requested budget.

- Departments that are requesting funding for a project that is expected to span multiple years must provide a line item estimate for the total cost of the project, the amount expended to date, and a projection of the amount of funding needed by fiscal year.

- The Fleet Manager must provide a recommendation on each vehicle request. As a reminder, the age and mileage of vehicles is no longer the basis for making decisions on replacement of vehicles. Instead vehicle maintenance costs and the ability of the vehicle to serve its intended use will be examined to determine if replacement of the vehicle is cost effective. In addition, efforts will also focus on right-sizing the County's fleet. Vehicles that are not used regularly will be prime candidates for retiring without replacement.

- Departments will be required to enter into the Budget Module the itemized breakdown of all contracts for each contract object code in which that feature is available in the budget module. Your department can change any part of the contract or add any new contracts in IFAS. To delete a contract, please contact the Budget Office (Debbie Andree or Denise Yearnd) and the Budget Office will delete the record for you.

- Departments are requested to review and update their mission statements for FY 2012, FY 2013 and FY2014. Departments should provide at least 3 workload measurements for each division. Please return these to the Budget Office with your requested budget. If you would like to make any changes, please contact the Budget Office.

- Departments are requested to complete the survey included in the budget packet. This information is instrumental in developing a cost effective budget.

- It is imperative that departments submit their requested budget to the Budget Office by the deadline indicated on the Budget Schedule.

- After departments have entered their budget, they should contact the Budget Office to obtain a printed copy which must be signed by their Department Head (if approved) and returned to the Budget Office.

- Departments will be provided an opportunity to present their budget request.

- Departments will be provided an opportunity to respond their Recommended Budget.

- Required Documentation - Your budget must be entered into IFAS and the required budget documents must be submitted. For efficiency and standardization the line item budget report printed from IFAS is the preferred format to provide to Commissioners Court. Supplemental documents are not required. However, if you provide supplemental documents with your budget request or intend on providing supplemental documents to Commissioners Court at your budget workshop, please provide eight (8) copies of the supplemental documentation with your requested budget.

Budget Module data entry tips:

- The Human Resources training room will be reserved from April 23rd through April 26th where departments can enter their budgets and be provided personal assistance by Budget Office staff.

- All of your records currently exist in IFAS, therefore, you will always want to be in the "BROWSE" mode to enter your budget, never in "ADD" mode.

- Entering your budget in "ADD" mode results in duplicate entries. If this occurs, please contact the Budget Office.

During the fiscal year budget control will be set on the object code level for all zero-base line items (Travel and Education, Membership Dues, cell phones, etc.) instead of on the category level. Commissioners Court will have to approve a budget amendment for departments to spend more than their budget for these line items.

It is critical that all items on the calendar are completed on the assigned dates to stay on schedule.

If you have any questions, concerns, or need for assistance, please know that the Budget Office staff is always available to serve all County departments.

Respectfully,

Re: Fiscal Year 2014 Recommended Budget

Department Heads / Elected Officials:

Please find enclosed your Fiscal Year 2014 Recommended Budget. The total of all requested budgets significantly exceeded the preliminary estimate of revenue for Fiscal Year 2014, therefore, it was necessary to make reductions in an attempt to balance the budget.

Since the final estimate of Fiscal Year 2014 revenues and available fund balances will not be completed until later in the budget process, please be aware that it may be necessary to make further reductions.

Please inform the Budget Office, if you have any suggestions to further reduce expenditures. Any information you have that might improve the revenue projection for this fiscal year or next fiscal year would also be most helpful.

No determination will be made in regard to salary increases until after the Certified Tax Roll has been received in early August.

Please note that all cell phone and membership budgets have been eliminated from the Recommended Budget. To gain approval for a cell phone budget it will be necessary to submit justification for each individual that you are requesting to be provided with a cell phone allowance or cell phone. Any request to provide an individual a cell phone instead of a cell phone allowance must include the reason why a county issued cell phone is necessary.

Justification must also be provided to gain approval for a membership budget. The justification must make note of whether or not the membership is required. If it is required, the source of the requirement must be cited. If the membership is not required, a detailed explanation of the benefit to the County must be provided.

If you wish to appeal your recommended budget, please make your requested changes in writing on your budget document and email it along with any other supporting information to the Budget Office no later than 9:00 a.m. Monday, July 22, 2013.

Sincerely,

Mark Henry

Re: Fiscal Year 2014 Recommended Budget

All JP's:

Please find enclosed your Fiscal Year 2014 Recommended Budget. The total of all requested budgets significantly exceeded the preliminary estimate of revenue for Fiscal Year 2014, therefore, it was necessary to make reductions in an attempt to balance the budget.

Since the final estimate of Fiscal Year 2014 revenues and available fund balances will not be completed until later in the budget process, please be aware that it may be necessary to make further reductions.

Please inform the Budget Office, if you have any suggestions to further reduce expenditures. Any information you have that might improve the revenue projection for this fiscal year or next fiscal year would also be most helpful.

As an interim measure in the ongoing effort to restructure the Justice Courts, the staffing and salaries for all Justice Courts have been amended based on caseload activity. Please note that the listing of positions included with your recommended budget does not include staff member names, as it is your choice as to who will occupy those positions.

In addition, all cell phone and membership budgets have been eliminated from the Recommended Budget. To gain approval for a cell phone budget it will be necessary to submit justification for each individual that you are requesting to be provided with a cell phone allowance or cell phone. Any request to provide an individual a cell phone instead of a cell phone allowance must include the reason why a county issued cell phone is necessary.

Justification must also be provided to gain approval for a membership budget. The justification must make note of whether or not the membership is required. If it is required, the source of the requirement must be cited. If the membership is not required, a detailed explanation of the benefit to the County must be provided.

If you wish to appeal your recommended budget, please make your requested changes in writing on your budget document and email it along with any other supporting information to the Budget Office no later than 9:00 a.m. Monday, July 22, 2013.

Sincerely,

Mark Henry

Re: Projected Fund Balances for FYE 2013 and FYE 2014

Dear Mr. Trammell:

Attached please find the schedule of projected fund balance for various county funds for the fiscal years ending September 30, 2013. The project fund balance is then added to the FY2014 estimated revenues to provide the total available resources for budgeted spending. This schedule is required by §111.068(b) of the *Texas Local Government Code*, "Adoption of Budget." These amounts are intended to assist the Commissioners Court in its consideration of the proposed budget for the fiscal year ending September 30, 2014.

Projections were made for funds receiving tax allocations (i.e., General, Road and Bridge, Flood Control, Mosquito Control, and Debt Service), as well as for operating funds (i.e., Special Revenue Funds). Projections were not made for Capital Project Funds (budgeted on a project-length basis), nor for Internal Service Funds, as those funds account for expenditures made from tax-allocated or operating funds.

The use of the ending fund balance in any year to provide additional resources beyond next year estimated revenues is permitted, provided the amounts thus used do not result in a negative ending fund balance in the next year.

If you have any questions, please do not hesitate to ask. As always, I am available for any help I can offer.

Sincerely,

Randall Rice CPA
Galveston County Auditor

Re: Financial Statements for October 1, 2012 – April 30, 2013
And June 1, 2012 through September 30, 2012

Gentlemen:

The District Attorney's Office has three financial accounts. They are as follows:

1101-127100 District Attorney's General Fund Accounts
2131-127132 D.A. Contraband Account After 10/89
2132-127120 D.A. Check Collection Fees Fund

Description of Accounts

General Fund

This account contains funds budgeted and approved annually by Commissioners' Court.

D.A. Contraband Fund after October, 1989

This account contains funds allocated to the District Attorney's office upon the disposition of forfeited contraband. Art. 59 of the Code of Criminal Procedure permits the use of up to 10% of the revenue collected and deposited in this fund to help non-profit chemical dependency treatment facilities located in Galveston County. I am requesting that you authorize, by signing the attached resolution, the use of $1,500.00 in this manner.

D.A. Collection Fees Fund

The money in this fund is derived from statutorily collected processing fees (paid by offenders) based on the handling of worthless check cases by the District Attorney's office. These funds are used to supplement the office's general fund account.

In accordance with Local Government Code, Section 140.003, I am enclosing financial statements for each of the above accounts excluding the General Fund Account which is provided to you by the County Auditor. I am also enclosing the FY 2014 budgets for these accounts pursuant to the Local Government Code Section and Article 59.06 of the Texas Code of Criminal Procedure. This notification is advisory in nature and the Court is not required to take any action based on this submission, except for the request stated in a previous paragraph regarding allocation of funds to non-profit chemical dependency treatment facilities. Our records and the auditor's records regarding these accounts are, of course, open for your review and inspection at any time.

In addition to the above requirement regarding the filing of financial statements with the court, Local Government Code, Section 115.0035 mandates an annual audit by the County Auditor of all accounts of precinct, county and district officials. Article 59.06(g) of the Texas Code of Criminal Procedure also requires the Commissioners' Court to have the "District Attorney's Contraband Fund" account audited annually. Certified copies of this audit must be delivered to the State Comptroller's Office and the Attorney General no later than 60 days after the date on which the annual period that is subject of the audit ends. It is my responsibility to provide this certified audit to the State Comptroller and the Attorney General. The County Auditor is to report his findings to the Commissioners' Court.

Sincerely,

JACK ROADY
Criminal District Attorney
Galveston County, Texas

POLICY AND PROCEDURES MANUAL

Policy Number:	**2.01**	**Original Approval:**	**February 26, 1998**
Policy Name:	**Financial Management Policies**	**Last Revision:**	**September 20, 2013**

Background

In 1995, the Commissioners Court began formalizing financial and budget procedures to improve efficiency, strengthen internal controls, and provide a framework for responsible fiscal planning.

Purpose

Galveston County Commissioners Court established these policies as a business-planning framework for the overall financial management of the County.

Scope

These guidelines will be followed during the Commissioners Court deliberations on all budget issues affecting the County.

Guidelines

A. General Financial & Budget Guidelines

1. Financial Philosophy

The Commissioners Court will maintain a “pay-as-you-go” philosophy when making decisions that affect the finances of Galveston County. It is imperative that the County matches its reoccurring revenues with reoccurring expenditures in order to ensure financial strength and enhance its bond rating.

2. County Bond Rating

The County’s bond rating is an important reflection of the County’s financial strength to the national credit markets. The County will avoid budgetary decisions which negatively affect the County’s bond rating.

3. Investments

Investments made by the County shall comply with the Galveston County Investment Policy and the State of Texas Public Funds Investment Act. Such investments shall be governed by the following objectives, in order of priority: safety of principal, maintenance of adequate liquidity, and return on investment.

4. Physical Assets

The County will maintain its physical assets at a level that is sufficient to protect the County's capital investment and to minimize future maintenance and replacement costs. The budget will provide for the adequate maintenance and a cost effective replacement of capital equipment and facilities.

5. Criteria for Budget Evaluations

The Commissioners Court has established criteria for the Budget Office to use in evaluating requests for funding. These criteria are outlined in the "Operating Budget Policy" and the "Capital Budget Policy". These policies will be reviewed and approved at least annually by Commissioners Court when the County budget is adopted.

6. Countywide Issues

The Commissioners Court intends to fund countywide issues before committing resources for specific departmental programs. Such issues include, but are not limited to:

a) Legally mandated requirements;
b) Issues that have a substantial impact on the community;
c) Funding needs that affect every County department; and
d) Needs that impact the County's overall financial strength.

7. Annual Budget Process

The Commissioners Court will formally begin the annual budget process during the Spring of each year. Departments will be asked to provide detailed budget documentation for the annual budget at this time. This early start will provide the Commissioners Court with enough lead-time to fully evaluate all budget requests. The Budget Office will coordinate the annual budget process.

8. Departmental Budget Increases

As a general rule, departmental budget increases proposed after the beginning of the fiscal year will not be considered prior to the next fiscal year budget. In order to be considered prior to the next annual budget process, a funding proposal must meet the following criteria:

a) The expenditure is mandated by law or is of an emergency nature;
b) Funding cannot be identified internally;
c) The expenditure cannot be delayed until the next fiscal year without a significant negative impact on the public or operations of a department; and,
d) The Budget Office can verify direct cost-to-benefit savings.

9. Budget Adherence

County Commissioners are accountable to taxpayers for the budget and require all departments to live within the constraints of the approved County budget. By state law Commissioners' Court must declare an emergency to increase the overall expenditure budget for a fund. Departments may not obligate the County to spend more money than budgeted and must process all budget amendments through the Budget Office. The Budget Office will facilitate the appropriate reviews and necessary approvals consistent with budget rules that are adopted annually by the Commissioners Court.

10. Contract Review and Approval

Commissioners Court is signatory on all contracts in which the County is a party. Because contracts may obligate the County to risks or expenses, state law requires that the Commissioners Court must approve all contracts. The Commissioners Court will not approve contracts that have not been reviewed and approved as to form, in advance, by the County Purchasing Agent, County Legal Department, and the Budget Office for those contracts involving county funds. Contracts include all agreements between the County or County entities and third parties. Included are agreements, memorandum of understanding and letters of commitment.

11. Grant Review and Approval

The Commissioners Court is responsible for all grants in which the County is a party. Grants may obligate the County to risks or expenses that County Commissioners find unacceptable. Therefore, all grant submissions and

awards must be approved in advance by the Commissioners Court. Commissioners will not approve grants that have not been reviewed and approved as to form, in advance, by the Budget Officer, the County Legal Department, the County Auditor, and the Grant Manager. The Commissioners Court will establish a grant policy guided by these departments.

12. Public Access

The Commissioners Court encourages public input into the annual budget process. All meetings are posted at the Courthouse and on the Internet and are open to the general public. The Budget Office will assist citizens in their efforts to understand the financial issues faced by the County.

13. Collaboration

The Commissioners Court fosters county-wide collaboration to help guide resource decisions, and wishes to review innovative proposals that involve multiple departments, measurable outcomes, and agreed-upon multi-year plans. Departments are strongly encouraged to collaborate with the Court and other partner agencies inside and outside the County to gain mutual agreement on future plans. Funding requests that demonstrate such collaboration are much more likely to be approved than those that are isolated from such collaborative efforts.

14. Procurement

Galveston County has a centralized purchasing office to ensure compliance with Local Government Code and other statutory requirements. County departments are required to purchase all goods through the Purchasing Department. Departments are strongly encouraged to plan their procurement in advance to allow Purchasing adequate time to complete the procurement process so that tax dollars are saved.

15. Investments in Training and Development

The Commissioners Court recognizes the long-term value of providing training and development opportunities for its employees. The Court commits to provide taxpayers with a well-trained and highly motivated workforce to effectively manage County business. The Court places a priority on training and development activities and funds personnel management related programs through the Human Resources Department budget. Each department is provided travel and education budgets to assist

in employee development programs aimed at improving specific job-related skills.

16. Non-Tax Revenue Enhancement Programs

Ad valorem taxes levied on Galveston County property provide a majority of the County's revenue. In order to reduce the County's reliance on tax supported revenue, the Commissioners Court will actively pursue non-tax revenue opportunities. The Court will positively receive departmental programs that utilize non-tax revenues. Individual departments should strive to maximize non-tax revenue where appropriate.

17. Fund Raising Activities and Donations

To assist the County in monitoring its assets, all fund raising activities which are held for the benefit of a County department or County sponsored program must be pre-approved by the Commissioners Court. Fund raising requests must be reviewed with Commissioners in a workshop setting and formally approved on an action agenda.

The Commissioners Court on behalf of the County must accept donations of money, goods or services from individuals, groups, or outside community organizations. Donations may be made to benefit a specific County asset, such as a park, or a specific County department, such as the Sheriff's Office. Any such donation, if accepted, will not confer or imply ownership in that asset by the donating organization, or the receiving department.

B. Debt Guidelines

The following guidelines summarize Galveston County's approach to debt management:

1. Debt Policy

The Commissioners Court is developing a formal debt policy which provides detailed guidelines to determine when the County should issue additional debt and what the County should do to keep debt issuance within established limits. This debt management policy will guide the County's actions in all potential debt situations.

2. Financing Activities

The County will not issue debt to fund ongoing governmental operations. The County will maintain a "pay-as-you-go" philosophy when funding operational expenditures and will only rely on debt to fund major capital projects or significant one-time expenditures that cannot be funded through continuing revenues.

3. Long Term Debt

The Commissioners Court will, in most instances, refrain from issuing long term bonded indebtedness in an amount over $10 million without the approval of such a bond issue by the Voters of Galveston County. Exceptions may occur when:

a) The expenditure is legally required of the County;
b) Where penalties or fines could be imposed on the County if the expenditure is not made; or,
c) The issuance of debt results in actual overall tax savings to the Taxpayers during, at least, the life of the debt instruments.

4. Short Term Debt

The Commissioners Court will, in most instances, refrain from using short-term debt to fund County projects. It is the intent of the Commissioners Court to provide ongoing capital and non-recurring budget needs annually through the budget process. Commissioners will consider the use of short-term debt in the same situations as highlighted in paragraph 3 above.

5. Debt Ratios

There are several key debt ratios that investors and financial analysts use when rating the County's relative financial strength. The Commissioners Court has established the following target debt ratios which will be used when the Court considers the issuance of debt:

a) Debt as a Percentage of Net Assessed Value: The ratio of bonded debt to net assessed valuation shall not exceed 1.0%.
b) Debt per Capita: Total bonded debt shall not exceed $1,700 per capita.
c) Debt Service funded by Ad Valorem taxes as a Percentage of Total Expenditures: The ratio of debt service funded by Ad Valorem taxes to total expenditures (operating expenditures and debt service combined) shall not exceed 15%.

6. Bond Fund Analysis and Disposition

The Commissioners Court will, at least annually during the budget process, review remaining balances in projects funded through bonded indebtedness to determine whether such balances will:

a) Become undesignated and identified as available for future use within the scope of purposes for which the bond was issued;
b) Be rolled over into the next fiscal year for the same purpose;
c) Be used to retire principal, or;
d) Be transferred to the appropriate Debt Service Fund for future use.

C. Reserve and Fund Balance Guidelines

1. Budgeted & Unreserved Fund Balances

Galveston County's budget includes both budgeted and unreserved fund balances on its books. The total of these two balances is available to meet any unexpected funding issues that should occur during the fiscal year. The goal of Commissioners Court is to maintain a combined budgeted and unallocated fund balance for operating funds that adopt an ad valorem tax rate (General, Road & Bridge, Flood Control, Mosquito Control, and Right-of-Way) of 25% of total budgeted expenditures.

2. Budgeted Reserves

Commissioners Court recognizes the special needs of the County by budgeting reserves to fund unique risks or opportunities. Annually during the budget process, the Commissioners Court will evaluate County risks, liabilities, and capital requirements in order to set budget allocations for the coming fiscal year. As a rule, budgeted reserves in the General Fund will be set for disasters, general liability, capital projects and technology. Budgeted reserves may also be set annually in the Health Insurance and Workers' Compensation Funds to meet potential liabilities.

3. Debt Service Fund Reserves

Debt Service funds represent a unique reserve situation and require a higher level of funding. Unless bond covenants require higher reserve levels, Commissioners Court will attempt to maintain an unallocated fund balance of 30% of the County's debt service for the next fiscal year.

D. Personnel Guidelines

1. Compensation Philosophy

The County's employees are its most important asset and should be provided with a salary commensurate with job responsibilities. The County will endeavor to provide "market" wages in order to attract and retain quality employees. The County will use the following entities when conducting salary surveys. Additional entities may be surveyed to corroborate salary data.

a. Private Industry: American National Insurance Company
Union Carbide - Texas City

b. Governmental: Fort Bend County, Brazoria County, Montgomery County, Jefferson County

c. State Agencies: The University of Texas Medical Branch at Galveston

2. Cost of Living Philosophy

Inflation has a negative impact on employees. Galveston County will review inflationary trends on an annual basis and determine if cost of living adjustments are needed. It is the goal of Commissioners Court to provide cost of living adjustments on an annual basis.

3. Merit Compensation Philosophy

The Commissioners Court believes in rewarding employees who exhibit a high level of performance. Depending on the financial status of the County, merit awards may be granted based upon performance appraisals and guidelines set by Court. Merit compensation may be in the form of a one-time lump-sum merit award or an increase to an employee's base salary. The Court will consider the merit pool annually during budget deliberations.

4. Employee Performance Evaluation

Properly completed employee performance evaluations will be used as the basis for allocating merit raises to County employees. Departments utilizing this important performance management tool will be included in the County merit pool allocations.

5. Personnel Movements

Commissioners Court wishes to restrict personnel movements that permanently increase the County budget to the annual budget process. As a general rule, the Commissioners Court will only consider personnel movements that are budget neutral outside of the annual budget process. Galveston County's Salary Administration Guidelines outline the Court's posture on all personnel movements.

E. Capital Guidelines

1. Capital Planning

The County encourages departments to submit long-term capital plans for approval by the Commissioners Court. Approved plans shall be given priority during the annual budget process.

2. Capital Budgeting Philosophy

Commissioners Court approves a capital budget annually. In order for capital requests to receive favorable considered by the Commissioners Court, departments must present detailed capital budgets and justifications for all proposed expenditures.

Commissioners will only receive capital requests during the annual budget process. Capital requests outside of this time frame will generally be deferred unless they represent a life safety issue or emergency capital expenditure. Once approved by the Court, capital budgets can only be amended through action of Commissioners Court. Galveston County's "Capital Budget Policy" further delineates the County's stance on capital expenditures.

3. Capital Reserves

Commissioners Court recognizes that major capital projects may not be developed to the extent necessary to provide a detailed line item budget prior to budget adoption. Commissioners Court will review these projects and set budgeted capital project reserves for anticipated projects during the year.

Once detailed plans and cost estimates have been developed, Commissioners Court requires a formal workshop to review project cost prior to the release of funds.

POLICIES AND PROCEDURES MANUAL

Policy Number:	**2.02**	**Original Approval:**	**February 26, 1998**
Policy Name:	**Operating Budget Policy**	**Last Revision:**	**September 20, 2013**

Background

For many years, the Galveston County Commissioners Court has operated under informal policies and rules that have been used to produce the annual County budget. As the budget process becomes more complex, it is necessary to memorialize Commissioners Court policies and procedures and set out the parameters for budget expenditures.

Authority

The Commissioners Court has sole authority to adopt and to amend the County's budget and these policies. The Budget Office is delegated authority to amend the County's budget for items in full compliance with county policies so long as the total county annual budget is not increased. Commissioners Court must approve any budget amendment that increases the total county budget. Any authority herein being granted may be modified or revoked as determined necessary by the Commissioners Court.

Purpose

This document contains the budget policies and procedures adopted by the Galveston County Commissioners Court. They have been adopted to continue the ethical and lawful use of the County's fiscal resources.

Scope

These policies and rules will be followed during the Commissioners Court deliberations on all budget issues, including expenditures, hearing processes, financial planning, capital expenditures, and personnel costs. The guidelines apply to all County departments.

General Policy Statements

The Galveston County Budget constitutes the sole and complete authority during the fiscal year

for expenditures of those funds, and for the use of those County resources, which are subject to appropriation by the Galveston County Commissioners Court. In adopting the annual budget, the Commissioners Court has relied upon representations made by County departments in their requests for budgets, and has determined that County funds should be spent in accordance with those representations.

Budget Guidelines

Galveston County prepares and approves its annual budget on a line item basis. This policy authorizes the Budget Office to maintain the legal level of budgetary control at the department level. In addition, administrative budgetary control is established at the Category level. Within a category, individual line items may be exceeded as long as the total category budget does not exceed its budgeted level. Budgetary control may be established at the line item level as deemed necessary by the Budget Office. All personnel movements during a fiscal year are governed by the Salary Administration Policy. The Court approves specific Capital Outlay and Departmental Supplies items annually. Departments may not deviate from these approved budgets without approval from the Budget Office.

A. Primary Budget Guideline

Expenditures and contractual obligations in excess of the amount authorized at the Category level (or Line Item level as deemed necessary by the Budget Office) of the adopted annual budget are prohibited. If increased amounts are desired or required, departments must submit a request for a budget amendment or transfer in accordance with this policy.

B. Budget Amendments/Transfers

Budget amendments are required to increase the overall amount of the expenditure budget for a fund or to transfer available expenditure budget from an account to another account in the same cost center (department) or to another cost center.

By state law a budget amendment to increase the overall amount of the expenditure budget for a fund requires that Commissioners Court declare an emergency situation.

Budget amendments to transfer available expenditure budget from one fund to another fund is not permissible. State laws set out the rules for transfers between funds. The County Auditor must approve requests for variances from this guideline.

1. Departments may not transfer expenditure budget authority to or from departmental salary/benefits or capital line items without approval from the Budget Office. All personnel movements during a fiscal year are governed by the Salary Administration Policy. The Court approves specific Capital Outlay requests annually. Departments may not deviate from these approved budgets without approval form the Budget Office.

2. All proposed changes require the submission of a signed budget adjustment form to the Budget Office. Either an elected or appointed official, Department Head or an authorized employee must sign the form.

3. Procedures set forth in Exhibit 1 must be followed for budget transfers between accounts in different categories of a department or fund. The Budget Office is authorized to approve routine transfers within the same category and department. This guideline operates under the following limitations:

    a. The budget transfer cannot create an increase in County's total budgetary commitment in the current or future fiscal years;

    b. The budget transfer cannot create permanent positions in the County budget.

4. Departments are allowed to overspend specific line items in an expense category without the need of a budget transfer as long as the category budget is not overspent. Budget transfers are not required unless the category is overspent.

C. Personnel

The Commissioners Court has established personnel policies and procedures for County employees. These are detailed in the Salary Administration Policy and Personnel Policies and Procedures Manual.

1. All personnel adjustments must conform to the regulations approved in the County Salary Administration Policy and the Personnel Policies and Procedures Manual.

2. Departments must not allow employees to work unbudgeted overtime, except when the County Judge formally declares an emergency as required by law. In addition, any emergency overtime must be reported to the County Auditor, Budget Officer and the Commissioners Court within 30 days of its occurrence.

3. If a department's "Salaries" or "Overtime" line items are projected or become negative, the affected Department Head must obtain a budget transfer to correct the account. If necessary, the Budget Office is granted authority to develop a budget transfer from within the department's current budget to correct the projected or negative balance. This transfer may be submitted to the Commissioners Court for approval if deemed necessary by the Budget Office.

D. Encumbrances

Encumbrances are legal claims to County funds. They are made with requisitions, purchase orders, contracts or salary commitments and must be covered by an appropriation. Encumbrances are released upon payment, or by notification that the encumbrance is no longer valid by the person who requested the requisition/purchase order.

1. Department Heads must keep track of and ensure that encumbrances are processed timely. Department Heads do this by reviewing the status of requisitions and purchase orders throughout the year. If encumbrances are not kept timely, departmental resources will be tied up unnecessarily.

2. By the end of each fiscal year, Departments should encumber all contractual obligations for goods and services that will be provided in the current fiscal year, but paid in the new fiscal year. This action will allow the County Auditor to roll encumbered funds to the new fiscal year budget as an automatic budget appropriation. If this is done, Department Heads will not need to re-appropriate these funds in the new fiscal year annual budget.

3. Prior year carry-forward encumbrances that become unencumbered will be swept from each department as necessary by the Budget Office.

E. Capital Funds

The County invests in capital assets through appropriations in the General Fund, Operating Tax Funds, and Special Revenue Funds. Capital Projects Funds are set up for a specific purpose and are usually supported by revenue generated through the sale of bonds. The County's Capital Budget Policy sets detailed guidelines for these expenditures.

1. Budget amendments for bond funded capital projects must be approved by the Commissioners Court on a line item basis. Capital budgets for these projects are usually established in accordance with provisions specified in a bond indenture and must be controlled at the line item level.

2. All capital expenditures funded through the annual budget are appropriated for specific needs highlighted by Department Heads during budget hearings with the Commissioners Court. Departments may not voluntarily spend capital funds for items not specifically approved during the budget process.

3. Funds remaining in a capital line item after a capital project is completed, or after a capital asset is purchased, may not be automatically re-appropriated by a Department Head for new capital purchases. The Commissioners Court must approve all re-appropriations of capital funds.

F. Grants

The County, acting through its Commissioners Court, is responsible for all grants in which the County is a party. Grants may obligate the County to risks or expenses that the Commissioners Court finds unacceptable. The following guidelines will assist the Court in managing the wide array of grants that are presented each year.

1. All grant submissions on behalf of Galveston County, or which require the use of any funds or resources subject to appropriation by the Commissioners Court, must be approved in advance by the Commissioners Court. The Commissioners Court must also approve Grant awards.

2. In order for the Commissioners Court to consider the approval of a grant submission, the grant must have been reviewed and approved as to form, in advance by the Budget Officer, the County Legal Department, the County

Auditor's Office, and the County's Grant Manager.

3. Grants awarded to Galveston County will only be approved and budgeted by the Commissioners Court if the County Auditor certifies grant revenues.

4. Each grant contract has specific budgetary requirements. Depending on the grant contract, budgets may be controlled at the line item, category, or fund level. The Commissioners Court will approve and control grant contracts at budgetary level required in the grant award.

EXHIBIT 1

   c. Necessity of the transfer/amendment.

4. If the amendment/transfer request is unclear, the Budget Office will contact the Department Head for clarification.

5. If the Budget Office does not approve the amendment/transfer, the Department Head will be contacted with an explanation.

6. If approved by the Budget Office, the proposed amendment/transfer will be forwarded to the Auditor's Office for further review.

9. All budget amendments/transfers will be placed on the Commissioners Court agenda for approval.

10. If the Commissioners Court approves the amendment/transfer, the County Clerk will note the amendment in the adopted budget as required by law.

11. Once action has been taken by the Commissioners Court (to approve, disapprove, or defer action) on the amendment/transfer, the Budget Office will relay the Court's decision to

POLICY AND PROCEDURES MANUAL

Policy Number:	**2.03**	**Original Approval:**	**February 26, 1998**
Policy Name:	**Capital Budget Policy**	**Last Revision:**	**September 20, 2013**

Background

Galveston County originally adopted this capital budget policy on February 26, 1998, in order to formalize the capital budgeting process.

Authority

The Commissioners Court has sole authority to adopt and to amend the County's budget and these policies. Any authority herein being granted may be modified or revoked as determined necessary by the Commissioners Court.

Purpose

The guidelines established in this document serve to reinforce the Court's previously approved capital budgeting rules. This Capital Budget Policy will establish a framework for the development and implementation of the County's capital budget. It is the Court's intention to use this policy to guide the County through the capital budgeting process and provide more accountability for the expenditure of County Funds.

Scope

This policy will be followed during the Commissioners Court deliberations on all capital budget expenditures. The policy applies to all County departments.

Guidelines

The County will maintain its physical assets at a level that is sufficient to protect the County's capital investment and to minimize future maintenance and replacement costs. The budget will provide for the adequate maintenance and the orderly replacement of capital equipment and facilities in order to avoid deterioration of the County's basic infrastructure.

Detailed procedures are attached as Exhibit A of this policy.

The capital budget includes fixed assets or capital investments that add value to the County. Galveston County has set the minimum capital asset value at $5,000 per item. Purchases of less than $5,000 per item are to be budgeted in a Departmental Supplies account. This is true even if the combined total value of the individual items exceeds $5,000.

The capital outlay accounts in each fund of the budget, and each individual capital item within the budget, with the exception of those approved by appropriate authorities (grant contracts or agencies, bond indentures, statutory restrictions, etc.), are budgeted and expended at the discretion of the Galveston County Commissioners Court.

A. Categories of Capital

Galveston County has several categories of Capital that are budgeted annually. These include Furniture, Fixtures, and Equipment; Vehicles; Technology; and Capital Projects (both Parks and General).

1. Furniture, Fixtures, and Equipment (FF&E): This category covers a wide array of capital assets. Included are many large non-routine major equipment purchases such as tractors, grade-alls, and mowers.

2. Vehicles: This category includes all of the County's mobile equipment purchases. It includes cars, vans, sport utility vehicles, and both lightweight and heavy trucks.

3. Technology: The technology needs of the County are included in this category. This category includes items such as mainframe and mid-range computer hardware, personal computers, large printers, and software.

4. Capital Projects: This category of capital spending is reserved for major renovation, building, or road and bridge related projects that are planned for the fiscal year.

B. Capital Planning

The County encourages departments to submit two to five year capital plans for approval by the Commissioners Court. Approved plans shall be given priority during the annual budget process.

C. Countywide Capital Needs

The Commissioners Court intends to fund countywide capital needs before committing resources for specific departmental capital requests. Such issues include, but are not limited to:

1. Legally mandated requirements;
2. Issues that have a substantial impact on the community;
3. Funding needs that affect every County department; and

4. Needs that impact the County's overall fiscal strength.

D. Capital Reserves

Annually during the budget process, the Commissioners Court will evaluate County capital requirements and determine if budgeted capital reserves are required. As a rule, budgeted capital reserves will be set to fund the following:

1. Large capital projects where total costs cannot be developed in time for budget adoption.

2. Technology related capital costs which will be developed through the year.

3. Major capital purchases or projects which the County must fund over several budget periods.

E. Procurement

Galveston County has a centralized purchasing office to ensure compliance with Local Government Code requirements. County departments are required to purchase all non-technology capital through the Purchasing Department.

The County Commissioners have set technology standardization as a goal for Galveston County. Standardization will improve operating efficiencies in County operations. To ensure this goal is met, the Court requires that all technology capital purchases be initiated through, or approved by, the Information Technology Department. Purchases made outside of this process may not be supportable by Information Technology personnel. Departments should plan their procurement in advance to allow Purchasing time to complete the procurement process.

F. Capital Bond Fund Analysis and Disposition

The Commissioners Court will, at least annually during the budget process, review remaining balances in capital projects funded through bonded indebtedness to determine whether such balances will:

1. Become undesignated for use by a particular department and identified as available for future us within the scope of purposes for which the bond was issued;

2. Be rolled over into the next fiscal year for the department to use for the same purpose;

3. Be used to retire debt principal for the issuance of bonds financing the capital project; or,

4. Be transferred to the Debt Service Fund - Unappropriated Fund Balance for future disposition.

G. Budget Adherence

The County Commissioners are accountable to taxpayers for the budget and require departments to live within the constraints of the approved County budget. Departments may not obligate the County to spend more money than budgeted and must process all budget transfers through the Budget Office. This office will help facilitate the appropriate reviews and necessary approvals consistent with Budget Rules that are adopted annually by the Commissioners Court.

H. Capital Budget Surplus

The Commissioners Court budgets capital funds for specific County needs according to their priority to the County's operation. Surpluses in specific capital outlay accounts will be unavailable to a department for capital needs that were not approved with the annual during budget. Department Heads who wish the Court to consider redirecting capital funds must submit requests through the Budget Office.

A budget surplus in a capital bond fund is to be handled according to the guidelines set out in Section F above.

EXHIBIT A

Capital Budget Procedures

The Commissioners Court of Galveston County for the purpose of developing and maintaining a capital budget will use the following procedures.

A. Capital Requests

The Commissioners Court has set the calendar for requesting capital expenditures to coincide with the County's annual budget review. Departments are required to identify and prioritize capital needs for the next budget year during this time. Capital request forms (attached) are provided to Department Heads as a part of the Annual Budget Review Manual. They must be completed and returned to the Budget Office at this time in order to be considered by the Commissioners Court. Capital requests that are identified outside of this time period will generally be deferred from consideration in the ensuing annual budget. Exceptions will be made for life/safety or emergency requirements.

Departmental capital requests will be compiled by the Budget Office and provided to the Commissioners Court for review. Capital workshops will be held to discuss capital requests and set funding priorities.

B. Capital Review Process

1. FF&E and Capital Projects Requests: The Commissioners Court will review FF&E and capital projects requests in a workshop setting. The Budget Office will provide an initial recommendation for the Commissioners to consider. The Commissioners will finalize the capital budget for inclusion in the annual budget by adding or deleting specific capital items presented in the capital workshop.

2. Vehicle Capital Requests: Galveston County has developed an inventory of the County's mobile equipment and established an annual vehicle replacement program. The Budget Office and the Fleet Manager will review vehicle requests to determine if replacements or an increase in the fleet size are warranted. The Commissioners Court will review Fleet Manager and Budget Office recommendations and make modifications during a scheduled capital workshop.

3. Technology Hardware/Software Requests: The Commissioners Court will set the overall funding level for technology related capital expenditures in the capital workshop. Technology related hardware and software requests will be reviewed and prioritized by the Information Technology Department with input from Department Heads and elected officials. The Information Technology

department's recommendation as to how these funds are to be distributed to the County's many technology needs will be reviewed and approved or modified by Commissioners Court.

C. Approved Capital Budget

The Commissioners Court approves a detailed capital budget which specifies each approved capital item with the annual budget. The Budget Office provides a copy of the approved detailed capital budget to the Purchasing Agent, County Auditor, and each affected Department Head no later than one week after adopting the annual budget.

D. Capital Purchases

The individual listed capital items approved by the Commissioners Court must be purchased through the offices of the Purchasing Agent, or one of his designated representatives in other departments, as provided by law. The Purchasing Agent will use the approved line item capital budget to guide purchasing decisions. It is the intent of the Commissioners Court to purchase each budgeted item as soon as practical after the budget has been approved.

E. Capital Budget Modifications

Since the Commissioners Court budgets specific capital assets utilizing cost estimates, it may become necessary, due to changing prices, to modify funds appropriated for a specific capital line item. The Commissioners Court will handle these as follows:

1. The Purchasing agent and Department Head may amend the purchase as originally presented to the Commissioners Court at budget time, provided the change involves no more than 10% or $2,500, whichever is lower, of the total line item capital budget for the department.

2. Modifications in excess of 10% or $2,500 of the total line item capital budget for a department must be: a) recommended by the Purchasing Agent; b) reviewed and approved by the Budget Office; and, c) approved by the Commissioners Court, before the Purchasing Agent may acquire the asset. Department Heads should locate funds to cover increased costs within their departmental budget.

F. Capital Budget Surplus

As a rule, surpluses in specific capital outlay accounts will be unavailable for departmental use. If a Department Head wishes to redirect surplus capital monies, he/she must formally request a capital budget amendment through the Budget Office. The Commissioners Court must ultimately approve the request.

A. Galveston County personnel movements are governed by a set of guidelines known as the "Job Classification System". This policy statement covers a wide range of topics relating to salary administration.

B. The Commissioners' Court establishes policies and procedures that provide County Employees with a salary administration system. The Court also wishes to provide Department Heads with the tools they need to effectively manage their departments.

C. The goals of this policy are:

a) To attract and retain high quality Employees;
b) To provide uniform pay arrangements throughout the County;
c) To provide total compensation (salary and benefits) that is market driven and competitive;
d) To facilitate the development of a merit pay program;
e) To provide Department Heads with flexibility in managing salary issues; and,
f) To maintain control on expenses during the budget process.

D. The guidelines established in this document apply to all County Employees and will be the basis for Commissioners' Court budget deliberations. The Human Resources department is charged with the duty of enforcing the following guidelines.

A. Job Descriptions and Job Classification System

Commissioners' Court requires job descriptions for all County positions. Properly written job descriptions provide a summary of the purpose, essential duties, responsibilities and requirements of a particular position. They assist in communicating with prospective and new employees, hiring and promotion decisions and relating performance expectations. They also help establish a clearer definition of the function and role of a job within the County Jobs.

B. The County maintains a classification system in which each job is assigned a pay grade through a job analysis. Each pay grade is based on a minimum and maximum pay rate. Jobs are grouped together in ranges that represent similar internal and external worth. Factors used to determine the pay grade and the ranges within each pay grade include:

1. Knowledge, Skills, Ability, and Education required by the position
2. Scope and effect and Decision Making Responsibilities
3. Complexity
4. Physical demands
6. Supervisory controls
7. Work environment
8. Supervisory and management responsibility

The value of each pay grade is based upon classification, market conditions and fiscal restraints.

The Adult Probation Department maintains its own Job Classification System.

C. Forms

Job Classification and Compensation Position Questionnaires, Sample Job Descriptions and examples of Job Descriptions may be obtained from the Human Resources Department. Each Employee is to have on file with Human Resources a fully completed version of their job description.

D. Salary Range Structure and Exceptions

1. Salary Ranges: The salary table is divided into 30 pay grades (Grades 1-30). There is a 5% spread between grades 1-20 and a 10% spread between grades 21-30. Each grade also consists of 18 steps with approximately 2½% between each step for a total salary range of approximately 50%. Contact the Human Resources Department for the most current version of the County Salary Table.

   a. Minimum In-Hire Rate: The minimum in-hire rate of a pay grade will be the Entry-level (Step A) paid to all newly hired County Employees. This is true whether the position is newly budgeted or vacated through attrition, transfer or promotion.

   b. Maximum In-Hire Rate: The maximum in-hire rate is set in each pay grade and cannot be exceeded for newly hired County Employees. Under certain circumstances, Department Heads may be authorized to hire an individual for management level positions (grade 20 and above) at a salary up to step E in the pay range. Department Heads must provide the Human Resources Department with verifiable data in support of the request. Department Heads must be able to demonstrate that:

      1) Recruitment experience has proven that the position is in a critical or shortage skills category; or

      2.) An available applicant has truly outstanding qualifications, which greatly exceed the standard minimum in-hire qualifications.

c. Maximum Point: This is the maximum salary allowed in each pay grade. Employees in a particular pay grade may not be paid a salary in excess of this rate.

2. Updating the Salary Range Structure: The salary range structure will be reviewed annually for possible adjustment, based on current market data and inflation. Countywide salary increases will raise the salary table as a whole and will not negatively impact Employees at the pay grade maximum. A new higher maximum point will be established as a result of any across-the-board pay table adjustments. Commissioners' Court must approve any increases to the salary range structure.

3. Exceptions:

a. Elected and Appointed Officials, Court Reporters, Adult Probation Department employees, and Court Coordinators are not classified positions under the Salary Range Structure. Nor are they subject to the Job Classification System.

b. Sheriff's Department: The following deputy sheriffs may be hired in at the following maximum grades:

c. Communication Officer I: Up to Grade 11C

d. Communication Officer II: Up to Grade 13E

e. Sergeant: Up to Grade 18C

f. Lieutenant: Up to Grade 20D

g. Auditor's Department: Account I, Auditor I, Account II and Auditor II positions may be hired at a salary up to step E in the pay range depending on the experience/quality of the applicant.

E. Establishment of New Positions in the County Budget

1. Department Heads who wish to establish a new position in the County budget must prepare a detailed justification and submit the proposal to Commissioners' Court to both the Human Resources Department and the Budget Office. A completed job description and a completed Job Classification and Compensation Position Questionnaire must be included with each submission. The Budget Office will submit the request to the Commissioners' Court as part of the budget process.

2. Requests for new positions may only be made during the annual budget process. Commissioners' Court will review the request and determine whether the position is approved, deferred to a future date for review, or disapproved. Approved new positions will become effective at the beginning of the next fiscal year or at such other time as is designated by the Commissioners' Court.

3. Requests for reclassification for jobs and positions from Exempt to Non-Exempt , Non-Exempt to Exempt and Contract Employee to either Exempt, Non-Exempt, Temporary, PRN, Seasonal, Regular or Part-Time may be approved by the Commissioners' Court at any time.

F. Major Reorganizations and Changes in Existing Positions

1. Major reorganizations and changes affecting positions in a department may be performed during the annual budget process and during the year if approved by Commissioners Court. If approved by the Commissioners' Court, such changes will become effective on October 1st. Any such requests must be coordinated with the Human Resources Director and should be included in the requesting department's proposed budget submission. Positions approved during the budget process do not require approval from Commissioner's Court for exemption to the 4 pay period vacancy for initial job posting and hiring.

2. Departments proposing these movements must provide revised job descriptions and Job Classification and Compensation Position Questionnaires highlighting the proposed changes to the Human Resources Director. Department Heads must present verifiable information in support of the request so that a recommendation can be made to the Commissioners' Court.

G. Reduction in Force Procedures

1. Periodically the County Commissioners' Court will undertake the task of reorganizing the structure of County government.

2. Reorganization may include the elimination of duplication of effort and/or the consolidation of job tasks into fewer positions, thereby reducing the number of Employees in a Department. A severance package may or may not be offered.

3. Employees affected by a Reduction-in-Force are not entitled to utilize the Grievance process or appear before the County Grievance Panel.

4. Employees affected by a Reduction-in-Force, are encouraged to contact the County's Human Resources Director with any questions regarding Employee benefits.

5. Employees affected by a Reduction-in-Force, upon application for a posted position opening, will be given priority consideration for any such opening for which they are qualified in the same or other County Departments for a period of 30 days of separation from the County. Elected and Appointed Officials are encouraged to accept and adhere to this reinstatement policy.

H. Salary Placement Following Promotion

1. A promotion occurs when an Employee is moved from lower position and title to a higher position and title or from a lower pay grade to higher pay grade. An Employee who is promoted shall receive a salary increase not to exceed 10% or the minimum of the new pay grade, whichever is higher.

2. Salary increases associated with a promotion must be funded from the existing salary budget. A promoted Employee's salary cannot be increased above the budgeted salary for the new position, unless there are funds to cover the increase. If funds are unavailable for a promotion, the department Head must follow the budget rules set out in Section K of this policy.

I. Transfer of Employment

1. Galveston County Health District Employees to the County:

   a. Are paid accrued vacation, holiday, and compensatory time by the Health District;
   b. Forfeit their accrued sick leave;
   c. Maintain their original date of hire for accrual of future vacation and sick leave benefits; and
   d. Maintain their transfer date for evaluation, merit compensation, and longevity pay eligibility purposes.
   e. For GCHD employee's on County payroll, effective October 2012, if employee is eligible for retirement, they will be retired from County and transferred to GCHD.

2. Lateral Transfer

   a. An Employee who transfers from one department to another department is subject to a six month introductory period beginning with their first day of transfer during which their performance is monitored closely. An Employee may be terminated during their introductory period at any time for any reason or no reason and is not entitled to grieve such termination.

b. If an Employee transfers to a position that is in the same pay grade as his/her previous position, that Employee's salary will remain unchanged unless it is a promotion. For Employees transferring between departments, funds must be available within the department's existing salary budget. This is true even though the job title and duties may be different from the previous position.

J. Change to Lower Pay Grade Salary

1. If an Employee is transferred to a different position in a lower classification level or if their current position is downgraded the Employee's salary shall be reduced in pay such that their salary shall be at the same step in the lower pay grade as it was in the higher pay grade. Any Department Head who desires an exception to this policy must submit their request to Human Resources for review and recommendation to the Commissioners' Court.

K. Budget Rules for Personnel Movements - The Commissioners' Court is routinely presented with personnel budget amendments throughout the year. In order to manage the flow of personnel movements, the Court adopts the following:

1. The Commissioners' Court will consider all personnel requests during the annual budget process. The annual budget process occurs in July and August with action by October 1st.

2. The Commissioners' Court will consider personnel related amendments outside of the annual budget process to the extent that:

   a. The amendments are within the policy established by this Salary Administration Policy, and

   b. The amendments do not increase the departmental salary budget in the current or subsequent budget years.

3. Commissioners' Court will not consider budget amendments related to personnel actions that have not been reviewed and verified as being consistent with this policy by the Human Resources Director.

L. Budget Rules for Positions Budgeted in Excess of Salary -During the annual budget process, the Human Resources Department will be asked to:

1. Reduce the budgeted salary of all vacant positions to the maximum in-hire rate allowed for the position.
2. Reduce the budgeted salary of all occupied positions (both classified and non-classified) to the salary actually paid to the Employee in the position.

M. Raises

Raises are not automatic. Raises are based on such factors as cost-of-living adjustment, market conditions, and the general economic health of Galveston County. Raises may be given to some, but not all, Employees, Elected Officials, and Department Heads. In addition, raises given to Adult Probation employees, Juvenile Probation employees, County Auditor employees and Purchasing Agent employees are determined by their respective boards. Also, there are a number of Elected and Appointed Officials whose salaries are fully or partially set either by statute or other means. See page 54 of this Manual.

N. Cost of Living Adjustment

Commissioners' Court recognizes the need to keep County salaries in line with the overall inflation rate. Annually, the Court intends to review national and local indices to determine the overall increase in the cost of living for its Employees. Subject to the County's overall financial strength, Commissioners' Court will provide a cost of living adjustment to compensate in whole or in part for the general inflation rate as indicated by measures determined by the Commissioners Court.

O. Annual Performance Appraisal

1. Galveston County Commissioners believe that Employee performance must be evaluated on a routine basis in order to provide employee development and ensure that departmental goals and objectives are being met. Informally, supervisors are encouraged to coach and counsel employees daily to provide the feedback necessary for Employees to excel.

2. The Adult Probation Department maintains internal procedures for the evaluation of employees.

P. Merit Pay

1. A Merit Pay program currently does not exist. One will be inserted at the time of adoption.

Q. Fair Labor Standards Act

1. Applicability

The County is subject to the Federal Fair Labor Standards Act (FLSA). The basic requirements of this Act are the basic standards of the County's wage and salary program.

2. Status of Positions

FLSA and the Department of Labor publish regulations which govern which Employees are exempt or non-exempt from payment of overtime or compensatory time. Each Employee shall be designated as exempt or non-exempt in accordance with these regulations by the Human Resources Department. Each Department Head shall maintain a list of all exempt and non-exempt Employees.

3. Overtime Policy

a. Department Heads must stay within their overtime budget. Department Heads may not allow Employees to suffer or permit to work overtime beyond budgetary constraints.

b. Department Heads must grant prior authorization to an Employee who requests to work overtime. Any Employee who works overtime without obtaining prior authorization is subject to disciplinary action.

c. Department Heads must specify prior to commencement of such additional work whether overtime or compensatory time will be given any Employee.

d. Any over-time line item in which expenditures exceed or are projected to exceed the approved budget amount shall have a budget amendment prepared by the budget Office and approved by the Commissioners' Court. Additional funds will be taken out of other existing line items or by deleting positions in that budget to transfer funds to the over-time line item.

4. Record Keeping

   a. Department Heads must keep the following records in accordance with FLSA requirements:
      1) Full name of Employee and Home address, including zip code
      2) Date of birth, if under age 19
      3) Sex
      4) Occupation

      6) Regular hourly rate of pay in any workweek in which overtime premium is due
      7) Daily and weekly hours of work
      8) Total daily or weekly straight time earnings
      9) Total overtime compensation for the workweek
      10) Total additions to or deductions from wages paid
      11) Total wages paid each pay period
      12) Date of payment and the pay period covered

5. Overtime/Compensatory Time

   a. Non-exempt Employees, with the exception of Law Enforcement Employees, and Mosquito Control Employees may receive overtime pay or compensatory time for time worked beyond 40 hours per week. Law Enforcement Employees may receive overtime pay or compensatory time for time worked beyond 86 hours in a 14 day work period. Mosquito Control Seasonal Employees may accumulate up to 480 hours compensatory time. Time away from the job during the workweek, such as vacation, holidays, illness, approved absences, etc., are deducted from the calculation.

   b. Overtime pay is calculated at one and one half time the regular hourly rate. Compensation earned in a workweek will be paid on the regular payday for the pay period in which the workweek ends if possible.

   c. Compensatory time is accumulated at one and one-half times the overtime hours worked. Employees who exceed a compensatory accrual of 80 hours (40 hours for Temporary Employees; 480 hours (240 Temporary) for Law Enforcement Employees; and 480 hours for Mosquito Control Seasonal Employees) will be paid for overtime for such overage.

d. Department Heads should grant compensatory time within a reasonable time period after a request is made. Department Heads may consider the effect on other Employees and the Department in granting the request.

e. Department Heads are to report all earned and used compensatory time on each Pay Roll Claim submitted to the County Treasurer.

f. Terminating non-exempt Employees are compensated for unused compensatory time in accordance with FLSA regulations and County policy as set forth in this manual.

g. Exempt Employees are not eligible for overtime pay or compensatory time off except as set forth in the Emergency Operations portion of this manual; and those exempt employees who work elections after normal working hours.

6. Election Differential

The Commissioners' Court may, prior to an election, approve a bonus to be paid to exempt County Clerk and exempt Tax Office employees who work elections on Election Day after normal working hours.

7. FLSA Holiday Pay

a. Regular Employees on Salary Basis: Regular Employees who are paid on a salary basis and who work Monday – Friday have the holiday automatically calculated in their base pay for the week in which the holiday occurs.

b Regular Employees on Hourly Basis: Regular Employees who are paid on an hourly basis must have a plus adjustment for holidays. Holidays are not automatically calculated in their base pay for the week in which the holiday occurs.

c. Regular Employees on Fluctuating Schedules: Regular Employees who have fluctuating schedules may have to be plus adjusted for the holiday.

d. Examples:

The following examples apply to benefit eligible Employees only:

Example 1: Regular Schedule Thursday-Wednesday = 40 hours
Hours worked Thursday-Tuesday = 32
Wednesday (holiday) Employee works 8 hours
Total hours worked for the week = 40 hours
Employee plus adjusted 8 hrs for working on the holiday.
No overtime is due. Holiday pay is already calculated in base pay.

Example 2: Regular Schedule Thursday-Wednesday = 40 hours
Hours worked Thursday-Tuesday = 32
Wednesday (holiday) Employee works 12 hours
Total hours worked for the week = 44 hours
Employee plus adjusted 8 hours for working on the holiday and 4 hours paid at overtime rate. Holiday pay is already calculated in base pay.

Example 3: Regular Schedule Thursday-Monday = 40 hours
Hours worked Thursday-Monday = 40 hours
Tuesday is a holiday. Employee does not work.
Total hours worked for the week = 40 hours
Employee plus adjusted 8 hours of holiday pay.
Holiday pay is not calculated in base pay.

8. Rules

a. An Employee who requests time off on a County holiday and is granted approval will be paid 8 hours of holiday pay for that day. The Employee's vacation leave bank will not be deducted for that day.

b. An Employee otherwise scheduled to work who calls in sick on a County holiday and provides such medical verification as is required by the Department Head will be paid 8 hours of holiday pay for that day upon Department Head approval. The Employee's sick leave bank will not be deducted for that day.

c. An Employee otherwise scheduled to work who calls in sick on a County holiday and does not provide documentation as required by the Department Head will be docked 8 hours for that day. The Employee will not receive holiday pay and their sick leave bank will not be deducted for that day.

d. An Employee otherwise scheduled to work who calls in sick the day before, the day of, or the day after a County holiday and does not provide medical verification as required by the Department Head, will be docked for the day(s). The Employee will not receive holiday pay and their sick leave bank will not be deducted for one of the days.

9. FLSA Travel/Commute Time

a. Commute Time

Ordinary commuting to and from the work site is not compensable. If Employees are required to report to a meeting place where they are to pick up materials, equipment or other Employees, or to receive instructions before traveling to the work site, compensable time starts at the meeting place.

b. Travel Away from Home

Travel that keeps an Employee away from home overnight is work time when it cuts across the Employee's workday. The time is not only hours worked on regular workdays during normal work hours but also during the corresponding hours on non work days. Example: If an Employee works 9a.m. to 5p.m. Monday through Friday, the travel time during these hours is work time on Saturday and Sunday as well as on the other days. The regular meal period is not counted.

Time spent in travel away from home outside of regular work hours as a passenger on an airplane, train, boat, bus or automobile is not considered work time. Example: If an Employee who normally works 9 a.m. to 5 p.m., Monday through Friday, is a passenger on a plane departing at 9 a.m. on a Saturday, the time spent traveling between 9 a.m. and 5 p.m. is work time because it occurs during normal working hours, regardless that Saturday is not normally a scheduled work day. If the plane departed at 6 p.m., the travel time would not be considered work time, unless a portion of the plane travel occurred after 9 a.m. the next day.

10. Exempt Employees - Docking of an exempt Employee's pay is limited by the FLSA. FLSA exemptions based on Administrative, Professional or Executive classifications are conducted by the Human Resources Department and assigned to each job description. Exemption is based on the duties and responsibilities of the position and is not assigned by title alone. An Employee who is exempt, is exempt from the overtime rules of the FLSA, and as such, is paid a salary basis and the salary is not reduced based on quality or quantity of work. An Exempt Employee is expected to fulfill the expected work schedule, a minimum or 40 hours per week, working a regular 8-5 schedule. Docking is to be used sparingly, as an employee or position may lose its exempt status due to docking of pay. The docking that is permissible is for one or more full days an employee takes off for the following reasons:

    a. Absences of one or more full days to handle personal affairs if the Employee has exhausted their vacation bank;

    b. To go on unpaid Family or Medical Leave under the Family and Medical Leave Act (FMLA);

    c. To serve on a jury, as a witness, or on temporary military leave, but will deduct only any amount the employee receives as jury or witness fees or as military pay.

    e. For disciplinary suspensions of one or more full days imposed in good faith for workplace conduct rule infractions;

    f. For penalties imposed in good faith for infractions of safety rules of major significance; and

11. On-Call

    a. On-Call Status

        1) Certain positions as designated by their Department Head will be on an on-call status. On-call status may require an Employee to carry a beeper or to leave a number where they can be reached. On-call status may require an Employee to report to work or respond to work related calls during non-working hours.

        2) Employees designated as on-call remain free to pursue their own activities with the only stipulation that they be available for on-call duties as stated above. Such Employees will not be compensated for any non-working time while on-call.

3) If on-call status Employees are directed to perform any work they will be compensated for all time spent performing those duties. Such compensation will be paid from the time they leave home or current location to the work area assignment until they return home, or their previous location.

4) An on-call status Employee responding to any work related calls whose total time spent so responding exceeds 10-minutes will be compensated for the time spent responding. Any Employee, who spends 10-minutes or less working while on call, will not receive compensation. If necessary for payroll calculation purposes, the total time actually worked may be rounded up to the nearest 15 minutes.

5) Department Heads must specify to their Employees prior to commencement of the Employee(s)' on-call duties whether overtime or compensatory time will be granted.

6) This on-call policy applies to non-exempt regular Employees only.

b. On-Call Record Keeping

1) Employees on call must submit the following information to their departments each pay period:
   a) Date of call;
   b) Time call began;
   c) Time call ended;
   d) Name of caller;
   e) Reason for call;
   f) Location of Employee at time of call;
   g) Location of work area assigned to;
   h) Location Employee returned to after assignment was completed;
   i) Total time spent performing duties;
   j) Authorization of Comp-time or Overtime;
   k) Pay Period covered.

R. Vacant Positions

1. Positions that become vacant shall have a "mandatory vacancy period" of at least 4 full pay periods prior to being eligible to being refilled. The position may be posted, but not filled prior to the mandatory vacancy period. The Commissioners' Court may adjust the mandatory vacancy period as necessary for business operations. The Commissioners Court must approve any hire prior to the 4 pay period vacancy period, with the exception of those positions specifically exempted below.

2. No department will be required to allow its budgeted and filled positions to drop below 75%. Should this situation occur, a department has the authority to hire such personnel as will enable the department to reach the 75% staffing level, hiring under this situation will not necessitate Commissioners' Court approval.

3. To avoid any deficiency in safety and health, all departments are encouraged to reorganize or transfer staff as needed to meet all minimum requirements.

4. Commissioners' Court approval of any reorganization or staff transfer, when required, shall be submitted through the Human Resources Department.

5. The following departments/positions are exempt from a mandatory vacancy period. But, the departments are encouraged to voluntarily comply with this policy to help achieve the Countywide savings necessary to maintain a balanced budget.

Exceptions:

a) Sheriff Communications division;
b) Sheriff Corrections division;
c) Courts: Court Reporters, Court Coordinators, Probate Investigators & Auditors;
d) Bailiffs and Courthouse security positions;
e) J.P. Clerks;
f) Adult Probation and Juvenile Probation;
g) Health District;
h) Accounts payable, payroll, and accounting positions in the Auditors, Purchasing, and Treasurer Departments;
i) Grant positions that are full-time or half time grant funded;
j) Park Keepers 1, 2, and 3 (March-September);
k) Parks Department Electrician, Permit Coordinator and Lead Mechanic; and
l) Assistant District Attorneys.

5. The Commissioners' Court, recognizing that certain Employees hold positions that are critical to maintaining the flow of work in core functional areas will consider other exceptions to this policy in other Departments as circumstances dictate. All questions concerning this list and policy shall be directed to the Human Resources Department.

S. Request for an Emergency Salary Increase

1. Background

Regardless of size, each department has one or more positions that are critical to maintaining the flow of work in core functional areas. At times a department is not able to successfully employ or retain qualified and experienced job candidates due to one or more reasons. For some of these positions a large salary differential exists between the amount budgeted and what the market pays for that position. Some positions require a job classification change that must be coordinated with Human Resources. Commissioner's Court approval is required for an Emergency Salary Increase.

2. Purpose/Intent

The purpose of this policy is to address the immediate problem of not being able to recruit and fill a key staff position to perform core functions of a department. Its intent is to provide a fair and equitable process that allows department's additional flexibility in addressing certain staffing concerns. But since it is a request for an emergency salary increase and/or a job reclassification, the occasions this policy is used should be infrequent.

3. Scope

This policy applies to most departments. Appointed Officials departments and the departments governed by the Adult Probation and Juvenile Probation Boards are excluded because they have other avenues to address their staffing concerns. But it is recommended that these excluded departments adopt this policy.

4. Criteria

To qualify for an emergency salary adjustment, a Department Head must meet all of the following criteria:

a. The position must be vacant, or the Employee holding the position must submit a written resignation or intention to resign.

b. The position must be a critical position that is directly related to a core function of the department.

c. The position must be the only one of its type/title in the department. If there are other similar positions in the same or other departments, the requested increase must not contribute to a pay inequity between the requested and the similar position(s).

d. The position must be posted with the Human Resources Department and advertised by the department for a minimum of thirty (30) days.

e. Clear documentation must be shown that the primary reason for being unable to fill the position with a qualified and experienced replacement is insufficient salary.

f. A revised position questionnaire and job description must be submitted.

g. If possible funds should be available in the department's salary line items to fund the salary increase. Contact the Budget Office if such funds are not available or are lacking.

SALARY GUIDELINES FOR ELECTED AND APPOINTED OFFICIALS

Elected and Appointed Officials, Court Reporters and Court Coordinators are not classified positions under the Salary Range Structure. Nor are they subject to the Classification System.

A. Salary in Lieu of Fees

All district, county and precinct officers in Galveston County are paid on a salary basis. Accordingly, as provided in Chapter 154 Subchapter A of the Texas Local Government Code they receive the salary instead of all fees, commissions and other compensation they would otherwise be authorized to keep. Several exceptions apply to this rule. They are:

1. Justices of the Peace may receive fees, commissions or payments for performing marriage ceremonies, for acting as registrar for the Bureau of Vital Statistics, and for acting as ex officio notary public.

2. A County Judge may receive all fees, commissions, or payments for performing marriage ceremonies.

3. Constables(s), acting solely in the capacity of being a private process server, may receive fees, commissions, or payments for delivering notices required by the Property Code relating to eviction actions if:

   a. Such notices of not conflict with the official duties and responsibilities of the constable;
   b. He does not wear upon his person a uniform or any insignia which would usually be associated with the position of constable;
   c. He does not use a county vehicle or county equipment or county equipment while delivering said notices.

C. Officer's Salary Fund

Pursuant to the authority given it by V.T.C.A., Local Government Code §154.007 the Commissioners' Court of Galveston County annually directs that all money that otherwise would be placed in the Officers' Salary Fund be deposited in the General Fund.

D. Salary of Most County and Precinct Elected Officials

1. Pursuant to the authority given it by § 152.013 of the Texas Local Government Code the Commissioners' Court sets the amount of compensation, office and travel expenses and other allowances for most elected county and precinct officers. These items are set these items at a regular meeting of the court during the regular budget hearing and adoption proceedings.

2. Before the 10th day before the date of the meeting, the Commissioners' Court must publish in a newspaper of general circulation in the county a notice of:

   a. any salaries, expenses or allowances that are proposed to be increased; and
   b. the amount of the proposed increases.

3. Before filing the annual budget with the county clerk, the commissioners' Court shall give written notice to each elected county and precinct officer of the officer's salary and personal expenses to be included in the budget.

E. Salary Grievance Committee

1. Chapter 152 of the Local Government Code established a county grievance committee by which some county officials may appeal their salaries and expenses that have been set for them by the Commissioners' Court. District Judges, Statutory County court Judges, the Statutory Probate Judge, the County Auditor, the County Purchasing Agent and the Director of Adult Probation may not invoke the services of the committee.

2. The committee is a nine-member group chaired by the County Judge who is not entitled to vote. The grievance committee is composed of the Sheriff, Tax Collector, County Treasurer, County Clerk, District Clerk, the Criminal District Attorney and three members of the public selected blindly by the commissioners' court at any time during the year, but not later than the 15th day after the date a request for a hearing is received by an elected official who is eligible to request a grievance.

3. The committee is subject to the provisions of the Open Meetings Act.

4. If a request for a public hearing is not received, the Commissioners' Court is not required to select public members. If such public members are required, they continue to serve until the later of the end of the fiscal year in which the public member is appointed or the time the committee takes a final vote on the list of the grievances for which the committee held a public hearing. Requests for a hearing before the salary grievance committee before the adoption of the county budget must be made before the adoption of the county budget. Only their own salaries and personal expenses maybe the subject of a grievance.

5. A salary increase for a county official may not be granted unless one is requested by the increase may be more than the amount requested and takes effect in the next budget year.

6. The committee shall hold a public hearing not later than the later of the 10th day after the date of the request is received or the date the commissioners Court selects the public members of the committee. The County Judge shall announce the time and place of the hearing.

7. If at least six members of the grievance committee vote to grant an increase in salary or personal expenses to an elected official the Commissioners' Court must only consider the recommendation. But, if all nine members approve a requested increase, action by the Commissioners' Court is not required and such increases take effect the next budget year. Likewise, a unanimous decision may not be questioned or disapproved by the County Auditor.

F. Declining Salary

1. Under Local Government Code § 152.051-.054 within five days after the date an elected county or precinct officer takes office the officer shall file an affidavit that the officer elects not to be paid for their services if, during their campaign for election to the office they publicly advocated abolition of the office. The affidavit must also include a statement by the officer describing the method by which the officer intends to seek to obtain the abolition of the office for which they were elected and the date by which it is proposed to be accomplished.

2. An elected county or precinct officer may also, at any time, reduce the amount of compensation set for that office by filing with the county payroll officer an affidavit stating that the officer elects to reduce the amount of compensation paid for the officer's services to a specified amount. The reduction if effective on the date the affidavit is paid and the County Treasurer shall issue any subsequent paychecks for the officer accordingly.

3. Under Local Government Code § 152.002 the County may accept from any county or precinct official as a "gift or donation" any or all of the official's salary which is then deposited in the general fund.

G. Salary of Judges, Criminal District Attorney, County Judges and Appointed Officials

Although the Commissioners' Court sets the salary for most officials there are a number of officials whose salaries are fully or partially set either by statute or by other means. They are as follows:

1. District Judges: Under §659.011 of the Government Code the salaries of the district judges are set every two years by the State General Appropriations Act. In addition, under §32.084 of the Government Code, the Commissioner's Court may pay the judges for services rendered and for performing administrative duties. They are also entitled to be paid $75.00 per month for performing services as members of the Juvenile Probation Board. But, the combined yearly salary from state and county sources may not exceed an amount equal to $1,000 less than the combined yearly salary from state and county sources received by each justice of the 1st and 14th Court of Appeals.

2. Statutory County Court Judges: As stated in §25.0861 of the Government Code, the salaries of statutory county court judges shall be not less than the total annual salary, including supplements and contributions, paid a district judge in the County. They are also entitled to be paid $75.00 per month for performing services as members of the Juvenile Probation Board.

This also includes the benefit replacement reimbursement pay given by the state to each district judge to pay their own contributions to the social security program. (See Attorney General Opinion GA-0576 2003)

3. Statutory Probate Judge: In accordance with §25.0023 of the Government Code, the Commissioners' Court shall set the salary of the Statutory Probate Judge at an amount that is at least equal to the total annual salary received by a district judge in the county, including contributions and supplements paid by the state or the county. This also includes the benefit replacement reimbursement pay given by the state to each district judge to pay their own contributions to the social security program. (See Attorney General Opinion GA-0576 2003)

4. Criminal District Attorney: In compliance with §46.003 of the Government Code the Criminal District Attorney is entitled to receive from the state compensation equal to the compensation that is provided for a district judge in the State General Appropriations Act. In addition, the Commissioners' Court may supplement the Criminal District Attorney's salary but may not pay him an amount less than the compensation it pays its highest paid district judge.

5. Constitutional County Judge: Following Local Government Code §152.904 (c) the Commissioners' Court shall set the annual salary of the Constitutional County Judge at an amount equal to or greater than 90% of the salary, including supplements, of any district judge in Galveston County.

6. County Auditor: Pursuant to Local Government Code §152.031; .032 the County Auditor's salary is determined by a majority vote of the District Judges at a public hearing scheduled under Local Government Code §152.905. The amount of the compensation and allowances may not exceed the amount of the compensation and allowances received from all sources by the highest paid elected county officer (Constitutional County Judge), other than a judge of a statutory county court, whose salary and allowances are set by the Commissions' Court.

7. County Purchasing Agent: Local Government Code §262.011 states the County Purchasing Board which consists of the three District Judges and two members of the Commissioners' Court sets the salary of the Purchasing Agent.

8. Juvenile Probation Officer: Under the provisions of §152.0012 of the Human Resources Code and Local Government Code §140.004 the Juvenile Probation Board which consists of the County Judge, the District Judges, the Statutory County Court Judges, a municipal judge in the County selected by majority vote of all the municipal judges in the county and a justice of the peace selected by majority of all the justices of the peace in the county, determines the salary of the Juvenile Probation Officer. The only control the Commissioners' Court has over this salary is whether there has been an abuse of discretion by the Juvenile Probation Board.

9. Adult Probation Officer: The District Judges appoint the Chief Adult Probation Officer under the authority set forth in Chapter 76 of the Government Code and Local Government Code § 140.004.

H. Special Provisions Relating To Justices of the Peace and Constables

First term Justices of the Peace shall receive as their salary the lowest or base salary established for all Justices of the Peace. First term Constables shall receive as their salary or base salary established for all Constables.

I. Other Benefits

All elected and appointed officials receive county health insurance and are entitled to workers' compensation benefits. No elected official is entitled to receive vacation, sick-leave or overtime benefits. Neither is the County Auditor or County Purchasing Agent.

J. Allowances for Various County Employees

Several county positions are currently entitled to receive various monthly and/or annual allowances as approved in the County's annual budget. They are as follows:

1. Auto Allowance: County Judge:, County Commissioners, Constables and Deputy Constables, County Engineer, County Engineer Engineering Specialist, Chief Right of Way Agent, Director of Facilities, Director of County Parks and Senior Services, and County Road Administrator.

The above allowances are subject to increase or decrease or to discontinuance at any time for any reason determined necessary by the Commissioners' Court. The Employees listed above should contact Human Resources for the most current information relating to their allowance.

K. Longevity Pay for Various County Employees

Several county positions are currently entitled to receive longevity pay. They are as follows:

1. Commissioned Deputy Sheriffs: Longevity Pay $5.00 per month per years of service up to 25 years
2. Deputy District Attorneys: Longevity Pay $20.00 per month per year of service after 4 years

L. Auto Allowance Regulations

1 Background

The county budgets auto allowances for certain elected and appointed officials, and Employees, to reimburse them for use of their private vehicles on county business. This allowance is approved annually as part of the budget process. It is intended to cover the cost of gasoline, vehicle liability insurance and basic "wear and tear" of the vehicle and its equipment.

2. Authorized Vehicles and Insurance

a. In order to receive a budgeted allowance, individuals must provide the County's Associate Facilities Manager, located in the Facilities Department, with verifiable proof of third party liability automobile insurance coverage on the vehicle being used for county business by October 1, and in the case of six month policies, April 1 of each year. Contact the County's Associate Facilities Manager to obtain the verification form that is to be used.

b. This vehicle is to be identified in the individual's personnel file by VIN#. Only vehicles identified by VIN# and having verifiable liability insurance are authorized for use on county business.

3. Amount of Insurance Coverage

The minimum amount of third party liability coverage must be the maximum amount to which the County of Galveston may be exposed by the Texas Tort Claims act as it exists or may hereafter be amended (presently $100,000/$300.00/$100,000). Each individual who obtains an automobile allowance must obtain a Business or Commercial Liability Policy which will cover their liability exposure while using their vehicle on the job. Proof of such insurance coverage must be forwarded to the County Risk Manager.

4. Changes in Allowances

a. The benchmark gasoline price used to budget the auto allowance base rate for a full-time Employee, or Official. Auto allowances for Part-Time positions are a pro-rata share of the Full Time Employee auto allowance.

b. Economic situations, such as an increase in the price of gasoline, may require adjustments to the budgeted auto-allowance base rate. If the price of gasoline exceeds the benchmark price, Commissioners Court may consider an additional amount to the auto allowance base rate of up to:

$50 per month increase for $2.06 to $2.40/gallon*
plus $50 per month increase for $2.41 to $2.75/gallon*
plus $50 per month increase for $2.76 to $3.10/gallon*
(*Average Price to be determined by Budget Office)

c. Conversely, should the price of gasoline decline the Commissioners' Court may decrease the auto allowance.

d. For Employee: Commissioners' Court may make adjustments of allowances.

e. For Elected Officials: Due to statutory restrictions, increase to elected officials Auto allowances may only be made if a higher auto allowance rate was published in the Notice of Elected Officials Salary. If published at a higher rate, Commissioners' Court may increase this allowance at any time.

Family and Medical Leave Act of 1993 and updates

A. The County will comply with the Family and Medical Leave Act implementing Regulations as revised effective October 28, 2009. The function of this policy is to provide employees with a general description of their FMLA rights. In the event of any conflict between this policy and the applicable law, employees will be afforded all rights required by law.

B. Under this policy, the County will grant up to 12 weeks (or up to 26 weeks of military caregiver leave to care for a covered service member with a serious injury or illness) during a 12-month period to eligible employees. The leave may be paid, unpaid or a combination of paid and unpaid leave, depending on the circumstances of the leave and as specified in this policy.

C. To qualify to take family or medical leave under this policy, the employee must meet all of the following conditions:

1. The employee must have worked for the County for 12 months or 52 weeks. The 12 months or 52 weeks need not have been consecutive. Separate periods of employment will be counted, provided that the break in service does not exceed seven years. Separate periods of employment will be counted if the break in service exceeds seven years due to National Guard or Reserve military service obligations or when there is a written agreement, including a collective bargaining agreement, stating the employer's intention to rehire the employee after the service break. For eligibility purposes, an employee will be considered to have been employed for an entire week even if the employee was on the payroll for only part of a week or if the employee is on leave during the week.

2. The employee must have worked at least 1,250 hours during the 12-month period immediately before the date when the leave is requested to commence. The principles established under the Fair Labor Standards Act (FLSA) determine the number of hours worked by an employee. The FLSA does not include time spent on paid or unpaid leave as hours worked. Consequently, these hours of leave should not be counted in determining the 1,250 hours eligibility test for an employee under FMLA.

3. If an Employee is maintained on the County payroll for any part of a week, including any periods of paid or unpaid leave (sick, vacation) during which other benefits or compensation are provided by the employer (e.g. workers' compensation, group health insurance benefits, etc.), the week counts as a week of employment.

4. The employee must work in a worksite where 50 or more employees are employed by the company within 75 miles of that office or worksite. The distance is to be calculated by using available transportation by the most direct route.

Family and Medical Leave Act of 1993, continued

5. The request must specify the reason for the request and the length of time desired. Approval of the request must be in writing on "Response to Employee Request for Family and Medical Leave Act Leave" form.

6. All authorized leaves of absence must be reported by the Department Head and Employee to the County's Human Resources Director, the County Auditor and the County Treasurer.

7. An Employee must also periodically report on his status and on his intentions to return to work throughout the course of the leave.

D. To qualify as FMLA leave under this policy, the employee must be taking leave for one of the reasons listed below:

1. The birth of a child and in order to care for that child.

2. The placement of a child for adoption or foster care and to care for the newly placed child.

3. To care for a spouse, child or parent with a serious health condition (described below).

4. The serious health condition (described below) of the employee.

   a. An employee may take leave because of a serious health condition that makes the employee unable to perform the functions of the employee's position.

   b. A serious health condition is defined as a condition that requires inpatient care at a hospital, hospice or residential medical care facility, including any period of incapacity or any subsequent treatment in connection with such inpatient care or a condition that requires continuing care by a licensed health care provider.

   c. This policy covers illnesses of a serious and long-term nature, resulting in recurring or lengthy absences. Generally, a chronic or long-term health condition that would result in a period of three consecutive days of incapacity with the first visit to the health care provider within seven days of the onset of the incapacity and a second visit within 30 days of the incapacity would be considered a serious health condition. For chronic conditions requiring periodic health care visits for treatment, such visits must take place at least twice a year.

d. Employees with questions about what illnesses are covered under this FMLA policy or under the company's sick leave policy are encouraged to consult with the Human Resources Department.

e. If an employee takes paid sick leave for a condition that progresses into a serious health condition and the employee requests unpaid leave as provided under this policy, the company may designate all or some portion of related leave taken as leave under this policy, to the extent that the earlier leave meets the necessary qualifications.

5. Qualifying exigency leave for families of members of the National Guard or reserves or of a regular component of the Armed Forces when the covered military member is on covered active duty or called to covered active duty.

   a. An employee whose spouse, son, daughter or parent either has been notified of an impending call or order to covered active military duty or who is already on covered active duty may take up to 12 weeks of leave for reasons related to or affected by the family member's call-up or service. The qualifying exigency must be one of the following: 1) short-notice deployment, 2) military events and activities, 3) child care and school activities, 4) financial and legal arrangements, 5) counseling, 6) rest and recuperation, 7) post-deployment activities and 8) additional activities that arise out of active duty, provided that the employer and employee agree, including agreement on timing and duration of the leave.

   b. "Covered active duty" means:

      i. in the case of a member of a regular component of the Armed Forces, duty during the deployment of the member with the Armed Forces to a foreign country; and

      ii. in the case of a member of a reserve component of the Armed Forces, duty during the deployment of the member with the Armed Forces to a foreign country under a call or order to active duty under a provision of law referred to in section 101(a)(13)(B) of title 10, United States Code.

   c. The leave may commence as soon as the individual receives the call-up notice. (Son or daughter for this type of FMLA leave is defined the same as for child for other types of FMLA leave except that the person does not have to be a minor.) This type of leave would be counted toward the employee's 12-week maximum of FMLA leave in a 12-month period.

d. Military caregiver leave (also known as covered service member leave) to care for an injured or ill service member or veteran.

e. An employee whose son, daughter, parent or next of kin is a covered service member may take up to 26 weeks in a single 12-month period to take care of leave to care for that service member.

f. Next of kin is defined as the closest blood relative of the injured or recovering service member.

g. The term "covered service member" means:

i. a member of the Armed Forces (including a member of the National Guard or Reserves) who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness; or

ii. a veteran who is undergoing medical treatment, recuperation, or therapy, for a serious injury or illness and who was a member of the Armed Forces (including a member of the National Guard or Reserves) at any time during the period of 5 years preceding the date on which the veteran undergoes that medical treatment, recuperation, or therapy.

h. The term "serious injury or illness":

i. in the case of a member of the Armed Forces (including a member of the National Guard or Reserves), means an injury or illness that was incurred by the member in line of duty on active duty in the Armed Forces (or existed before the beginning of the member's active duty and was aggravated by service in line of duty on active duty in the Armed Forces) and that may render the member medically unfit to perform the duties of the member's office, grade, rank, or rating; and

ii. in the case of a veteran who was a member of the Armed Forces (including a member of the National Guard or Reserves) at any time during a period when the person was a covered service member, means a qualifying (as defined by the Secretary of Labor) injury or illness that was incurred by the member in line of duty on an active duty in the Armed Forces (or existed before the beginning of the member's active duty and was aggravated by service in line of duty

iii. on active duty in the Armed Forces) and that manifested itself before or after the member became a veteran.

E. An eligible employee can take up to 12 weeks for the FMLA circumstances (1) through (5) above under this policy during any 12-month period. The company will measure the 12-month period as a rolling 12-month period measured backward from the date an employee uses any leave under this policy. Each time an employee takes leave, the company will compute the amount of leave the employee has taken under this policy in the last 12 months and subtract it from the 12 weeks of available leave, and the balance remaining is the amount the employee is entitled to take at that time.

F. An eligible employee can take up to 26 weeks for the FMLA circumstance (6) above (military caregiver leave) during a single 12-month period. For this military caregiver leave, the company will measure the 12-month period as a rolling 12-month period measured forward. FMLA leave already taken for other FMLA circumstances will be deducted from the total of 26 weeks available.

G. If a husband and wife both work for the company and each wishes to take leave for the birth of a child, adoption or placement of a child in foster care, or to care for a parent (but not a parent "in-law") with a serious health condition, the husband and wife may only take a combined total of 12 weeks of leave. If a husband and wife both work for the company and each wishes to take leave to care for a covered injured or ill service member, the husband and wife may only take a combined total of 26 weeks of leave.

H. While an employee is on leave, the County will continue the employee's health benefits during the leave period at the same level and under the same conditions as if the employee had continued to work. Employees may not accrue additional vacation while on the unpaid portion of FMLA leave.

1. If the employee chooses not to return to work for reasons other than a continuous serious health condition of the employee or the employee's family member or a circumstance beyond the employee's control, the County will require the employee to reimburse the County the amount it paid for the employee's health insurance premium during the leave period.

2. Under current County policy, the employee pays a portion of the health care premium. While on paid leave, the employer will continue to make payroll deductions to collect the employee's share of the premium. The employee must continue to make this payment, either in person or by mail. While on unpaid leave, the employee will receive an invoice from the Auditor’s Office.

The payment must be received in the Treasurer's Office. If the payment is more than 30 days late, the employee's health care coverage may be dropped for the duration of the leave. The employer will provide 15 days' notification prior to the employee's loss of coverage.

3. If the employee contributes to a life insurance or disability plan, the employer will continue making payroll deductions while the employee is on paid leave. While the employee is on unpaid leave, the employee may request continuation of such benefits and pay his or her portion of the premiums, or the employer may elect to maintain such benefits during the leave and pay the employee's share of the premium payments. If the employee does not continue these payments, the employer may discontinue coverage during the leave. If the employer maintains coverage, the employer may recover the costs incurred for paying the employee's share of any premiums, whether or not the employee returns to work.

I. An employee who takes leave under this policy may be asked to provide a fitness for duty (FFD) clearance from the health care provider. This requirement will be included in the employer's response to the FMLA request. Generally, an employee who takes FMLA leave will be able to return to the same position or a position with equivalent status, pay, benefits and other employment terms. The position will be the same or one which is virtually identical in terms of pay, benefits and working conditions. The company may choose to exempt certain key employees from this requirement and not return them to the same or similar position.

J. An employee who is taking FMLA leave because of the employee's own serious health condition or the serious health condition of a family member must use all paid vacation, sick leave and compensatory time prior to being eligible for unpaid leave. Sick leave may be run concurrently with FMLA leave if the reason for the FMLA leave is covered by the established sick leave policy.

K. Disability leave for the birth of the child and for an employee's serious health condition, including workers' compensation leave (to the extent that it qualifies), will be designated as FMLA leave and will run concurrently with FMLA. An employee who is taking leave for the adoption or foster care of a child must use all paid vacation, sick leave, and compensatory time prior to being eligible for unpaid leave.

L. An employee who is using military FMLA leave for a qualifying exigency must use all paid vacation, sick leave, and compensatory time prior to being eligible for unpaid leave. An employee using FMLA military caregiver leave must also use all paid vacation, sick leave, and compensatory time (as long as the reason for the absence is covered by the company's sick leave policy) prior to being eligible for unpaid leave.

M. Intermittent Leave or a Reduced Work Schedule

1. The employee may take FMLA leave in 12 consecutive weeks, may use the leave intermittently (take a day periodically when needed over the year) or, under certain circumstances, may use the leave to reduce the workweek or workday, resulting in a reduced hour schedule. In all cases, the leave may not exceed a total of 12 workweeks (or 26 workweeks to care for an injured or ill service member over a 12-month period).

2. The company may temporarily transfer an employee to an available alternative position with equivalent pay and benefits if the alternative position would better accommodate the intermittent or reduced schedule, in instances of when leave for the employee or employee's family member is foreseeable and for planned medical treatment, including recovery from a serious health condition or to care for a child after birth, or placement for adoption or foster care.

3. For the birth, adoption or foster care of a child, the company and the employee must mutually agree to the schedule before the employee may take the leave intermittently or work a reduced hour schedule. Leave for birth, adoption or foster care of a child must be taken within one year of the birth or placement of the child.

N. If both husband and wife are employed by the County, then leave on the basis of birth, adoption or care of a sick parent is limited to a combined 12 weeks for both Employees. The husband and wife would be entitled to the difference between the amount he or she has taken individually and 12 weeks for FMLA leave for other purposes.

O. The County will require certification for the employee's serious health condition. Medical certification on "Certification for Health Care Provider" forms available in the Human Resources office is required for Medical leave. The certification must be submitted to Human Resources before leave begins if the need for leave is foreseeable. If the need for leave is not foreseeable, the certification must be submitted no later than 15 days after leave begins. If the medical certification is not turned in prior to the 15 day requirement and the Director of Human Resources has reason to believe the absence qualifies for FMLA purposes the absence will be treated as such and counted toward the FMLA entitlement.

1. The employee must respond to such a request within 15 days of the request or provide a reasonable explanation for the delay. Failure to provide certification may result in a denial of continuation of leave.

2. The County may directly contact the employee's health care provider for verification or clarification purposes using a health care professional, or an HR professional, or management official. The company will not use the employee's direct supervisor for this contact. Before the County makes this direct contact with the health care provider, the employee will be a given an opportunity to resolve any deficiencies in the medical certification. In compliance with HIPAA Medical Privacy Rules, the company will obtain the employee's permission for clarification of individually identifiable health information.

3. The County has the right to ask for a second opinion if it has reason to doubt the certification. The County will pay for the employee to get a certification from a second doctor, which the County will select.

4. The County may deny FMLA leave to an employee who refuses to release relevant medical records to the health care provider designated to provide a second or third opinion. If necessary to resolve a conflict between the original certification and the second opinion, the County will require the opinion of a third doctor. The County and the employee will mutually select the third doctor, and the County will pay for the opinion. This third opinion will be considered final. The employee will be provisionally entitled to leave and benefits under the FMLA pending the second and/or third opinion.

In compliance with HIPAA Medical Privacy Rules, the County will obtain the employee's family member's permission for clarification of individually identifiable health information.

8. The County has the right to ask for a second opinion if it has reason to doubt the certification. The County will pay for the employee's family member to get a certification from a second doctor, which the County will select. The County may deny FMLA leave to an employee whose family member refuses to release relevant medical records to the health care provider designated to provide a second or third opinion. If necessary to resolve a conflict between the original certification and the second opinion, the County will require the opinion of a third doctor. The County and the employee will mutually select the third doctor, and the County will pay for the opinion. This third opinion will be considered final. The employee will be provisionally entitled to leave and benefits under the FMLA pending the second and/or third opinion.

The employee must respond to such a request within 15 days of the request or provide a reasonable explanation for the delay. Q. The company may request recertification for the serious health condition of the employee or the employee's family member no more frequently than every 30 days and only when circumstances have changed significantly, or if the employer receives information casting doubt on the reason given for the absence, or if the employee seeks an extension of his or her leave. Otherwise, the company may request recertification for the serious health condition of the employee or the employee's family member every six months in connection with an FMLA absence. The company may provide the employee's health care provider with the employee's attendance records and ask whether need for leave is consistent with the employee's serious health condition.

H. Employee Counseling and Progressive Discipline

The County strives to provide for its Employees a fair and equitable system related to employee coaching and counseling and progressive discipline. It is the Employee's responsibility to meet satisfactory job expectations that include behaving in a professional manner, performing the job description's essential functions and responsibilities; adhering to the County policies and procedures, and abiding by the County Ethics policy. It is the County's intent to ensure Employees are afforded due process in the counseling and discipline process.

It is the policy of the County to try to resolve employee issues before they escalate. The counseling process may consist of any combination of the following processes, and can occur in any order, depending on the situation and severity of the problems: Verbal Feedback, Verbal Coaching and Counseling, Written Coaching and Counseling, Performance Improvement Plans, Written Warnings, Suspension, Administrative Leave, or Discharge. The County may use the employee counseling process in any order necessary to address the employee's performance issues and to protect the County's interests. All Employees are "At-Will", and as such, are free to separate their employment at any time without reason and the County retains the same rights.

Whenever an Employee is counseled for any reason, including verbal feedback, verbal and written coaching and counseling, performance improvement plans, written warning, suspension and involuntary separation of employment, the supervisor will complete an Employee Counseling Report. The counseling report should include details of the incident or situation, performance, behavior or expectation that the employee must change or improve, a performance improvement plan, (if applicable), related employee's comments, supervisor's recommendations and the signature of both the supervisor and the employee. A copy of the report is then placed in the employee's personnel file in Human Resources.

1. Verbal Feedback , Coaching and Counseling- Counseling and regular feedback with an Employee is proper and is important in ensuring Employee's understand the expectations of the supervisor and the actions necessary to meet the improvements necessary to prevent further disciplinary procedures. All verbal warnings should be in written documentation to show the meeting and discussion took place. A description of the performance or action or behavior that is unacceptable is to be discussed with the Employee. The Employee should have the opportunity to discuss the circumstances relating to the incident, performance, action, or behavior. An agreement from the Employee to meet the expectations of the job performance should be obtained. The Supervisor and Employee should sign the verbal agreement and the Employee should receive a copy of this meeting and the agreement for improvement with the Employee's signature acknowledging the meeting and discussion that took place. The supervisor is encouraged to provide positive feedback as well as needed improvements.

2. Written Coaching and Counseling Notification or Written Warning- If a verbal warning does not create an improvement in the performance or behaviors, a written coaching and counseling or written warning, clearly identified as a warning, will be presented to the Employee and will include: identification of the behavior, violation or performance problem, an indication of required change or improvement needed, and information concerning further corrective action that may result from failure to show the required modification or improvement. A time frame for change should be included and should not exceed 30 days. The written warning to correct performance problems or non-productive behavior will be discussed and signed by both Employee and Supervisor. The Employee's signature indicates receipt of the notice only, not acceptance of its contents or a contract for continued employment if the situation is corrected. If the Employee refuses to sign, the Supervisor should have a witness sign a statement that a copy was given to the Employee.

3. Administrative Leave (with pay) - Administrative Leave with pay is time off for alleged misconduct or a violation of any provision of this manual that requires investigation. An Employee may be granted Administrative Leave with pay only by Elected or Appointed Officials. Administrative Leave will last only for such period of time as is required to complete the investigation. An Employee who is granted Administrative Leave with pay shall be given written notice detailing the reason(s) for the action and asked to sign the notice. If an Employee refuses to sign the written notice, the Elected or Appointed Official should have a witness sign a statement that a copy was given to the Employee. Upon completion of the investigation the Elected or Appointed Official will either restore the Employee to their former position or, if warranted, pursue additional disciplinary action.

4. Administrative Leave (without pay) - Administrative Leave without pay is time off for alleged misconduct or a violation of any provision of this manual that requires investigation.

An exempt employee will not be on administrative leave without pay in excess of 7 calendar days. If the investigation determination is unsubstantiated, the employee will be paid for the days on investigatory leave, with approval by an Elected or Appointed Official and returned to the position.

5. Suspension (without pay) – Suspension is time off without pay for misconduct that is not serious enough to warrant immediate dismissal. An Employee may be suspended only by the Department Head. Suspensions shall not exceed 10 working days. An Employee who is suspended shall be given written notice detailing the reason(s) for the action and asked to sign the notice. If an Employee refuses to sign the written notice, the Department Head should have a witness sign a statement that a copy was given to the Employee. Following completion of the suspension period, the Employee will be allowed to return to work.

6. Demotion - Demotion is the placement of an Employee in a position of lesser responsibilities and compensation. A Demotion is appropriate only after the Department Head finds that an Employee is unable to perform satisfactorily the duties assigned to the position occupied by the Employee, but that the Employee does have some skills that can be utilized by the office. The use of Demotion instead of dismissal is discretionary with the Department Head. The availability of a position with lesser responsibilities and compensation in the office at the time a Department Head takes disciplinary action does not automatically entitle the Employee to be demoted in lieu of being suspended or dismissed.

7. Involuntary Separation or Dismissal - is the separation of an Employee from County employment. Sometimes immediate dismissal is warranted. In other situations an Employee who is dismissed shall be given written notice detailing the reason(s) for the action and asked to sign the notice. If an Employee refuses to sign the written notice, the Department Head should have a witness sign a statement that a copy was given to the Employee. Dismissal will occur when there is repeated conduct for which a person has been previously suspended, or conduct serious enough to warrant immediate dismissal.

8. Dismissal for Job Abandonment, or No Call/No Show for 2 consecutive shifts – may be considered voluntary termination. Extenuating circumstances will be considered on a case-by-case basis.

E. Demotion, Suspension, Administrative Leave, Termination

1. Prior to granting demotion, suspension, administrative leave, or termination discharge to an Employee under progressive discipline, the Department Head will consult with Human Resources. Proper documentation must be available.

2. A meeting with the Employee will be conducted as soon as possible to ensure the behavior stops and there is no danger of damage to County systems or employees.

   The disciplinary notice will include a description of the conduct that is the cause of the discipline or investigation. If the behavior warrants immediate removal from the workplace, the Employee will be suspended or placed on Administrative Leave.

   If the Employee is suspended or given administrative leave, the Employee will be notified of the requirement to be available during normal work hours to answer questions and provide information. The Employee will be given the opportunity to respond to the allegations.

3. The Department Head, with assistance of Human Resources and or County Legal will conduct an investigation and review County policy.

5. The investigation is considered confidential for all participants to the extent possible; however all parties involved must understand that it could become part of an open records request.

6. After the conclusion of the investigation, the Department Head will advise the Employee of the disciplinary measures, if any, that have been decided upon by the Department Head. Department Head will provide a written statement to the employee of the findings.

7. The Employee may appeal any adverse action in writing to the Human Resources Director, using the Appeal form within 72 hours if the employee has completed the introductory period and disagrees with the findings. The Human Resources Director or designee will then review the investigation, and make a recommendation to the Department Head. The Human Resources Director or designee will communicate the findings within 5 business days to the Employee. The Department Head has the final decision.

Galveston County is an equal opportunity employer. It is Galveston County's policy that all employees have a right to work in an environment free of discrimination and harassment based on sex, age, race, color, national origin, religion, disability or any other basis protected by federal, state, or local law.
Galveston County's policy prohibits retaliation against any employee for complaining about discrimination or harassment. Please contact HR at 409-770-5350 if you need any assistance.

The purpose of the grievance system is to settle grievances as quickly as possible to assure efficient work operations and maintain positive employee morale. Department Heads and supervisors are encouraged to work with employees to resolve grievances informally.

These procedures apply to all employees of the County. Employees may use the Appeal process for adverse actions, including termination of employment with the Human Resources Director prior to utilizing the Grievance Procedure.

Employees should pursue, if possible, an informal resolution of their complaints, utilizing all available avenues within their department before filing a formal, written grievance. Efforts at informal resolution are unrelated to the formal grievance procedure and do not extend the time limit(s) included in the procedure.

The grievance procedure does not apply to allegations of discrimination based on race, color, religion, sex, national origin, age, or disability. Discrimination allegations, Anti-Discrimination and Anti-Harassment complaints are filed with the Director of Human Resources.

Grievable Matters
"Grievance" means a claim by an employee that he was adversely affected by a violation, misinterpretation, misapplication, or disparity in the application of a specific law, ordinance, resolution, written or unwritten policy, or rule regarding wages, hours of work, or conditions of work.

a. Examples of grievable matters include, but are not limited to:
   - Misinterpretation of a department mandatory overtime policy;
   - Disparity in the application of a department shift policy;
   - Violation of the County compensatory time policy.
   - Suspension
   - Demotion
   - Termination- if Law Enforcement Employee

b. Examples of matters that are not grievable include, but are not limited to:
   - Employee performance evaluations that are not directly related to wages;
   - Written reprimands;
   - Terminations for Non law enforcement – May use appeal process through Human Resources
   - Promotion decisions, unless covered by a salary ladder.

If at any point in the grievance process the Department determines that the subject of a grievance is not grievable as defined above, the Department notifies the employee in writing before the next applicable deadline.

Time limits begin on the first working day after the applicable occurrence, filing, appeal, response, or recommendation. Working days do not include weekends or County Holidays.

A. An Employee may submit any complaint about non-grievable personnel actions to the County's Director of Human Resources. The Director of Human Resources should review the complaint, determine whether there is a legitimate reason for dissatisfaction by the Employee, and take appropriate actions based on the nature of the complaint. Appropriate actions might be a discussion of the problem with the other persons implicated if it involves Employee relationships, or correction of an error in the recording of benefits or compensation received.

B. No Employee should ever be discriminated against, harassed, intimidated, or suffer any reprisal as a result of filing a grievance or participating in the investigation of a grievance by providing information, testimony or assistance.

C. Grievance Panel

1. Commissioners Court. One member will be appointed by United Steelworkers 13-1 (USW). The two appointees will then choose a third member who shall also serve as the Chair of the Panel.

2. Grievance Panel members will serve for a period of one (1) year or until their respective successors are appointed.

D. A Regular Law Enforcement Employee who has been such for a minimum of 12 consecutive months and who is thereafter suspended or demoted or involuntarily separated based on violation of policy may request the matter be considered by the County Grievance Panel. No person who is disciplined during their introductory period, affected by a Reduction-in-Force or absent from the work place in excess of six (6) months (cumulative) during a period of 12 consecutive months may utilize the grievance system.

E. The maximum relief which may be obtained by a grievant through the grievance process is reinstatement to their former position and restoration of lost salary and benefits. The Grievance Panel may not recommend transfer to another department, or to another position in the same department.

F. An Employee must file a grievance within five calendar days after the date of the grievable occurrence. The Employee must submit the request for a grievance to the County Legal Department by no later than 5:00 p.m. of the fifth day. The Employee's request must state why the Employee disagrees with the disciplinary action that was taken and the relief sought.

G. IF AN EMPLOYEE FAILS TO MEET THE FILING TIME LIMITS, THE EMPLOYEE LOSES THEIR RIGHT TO USE THE GRIEVANCE SYSTEM. But, where it has been impossible for the individual to observe the time limits, the grievant may request the County Legal Department to waive the time limits, stating the reasons the time limits should waived. Failure to grant this request is not a grievable action.

H. A vacant position created by a dismissal should not be permanently filled until the Grievance Panel has made its recommendation and the Department Head their decision.

I. The Grievance Panel will conduct the hearing. Grievants may be represented by a Union Representative **or** Attorney. Presentations must be relevant and will be limited to 45 minutes for the grievant and 45 minutes for management unless the Panel decides to grant an extension of time. No cross is permitted. Loud and abusive language by any of the participants in the formal hearing process will not be allowed and will be grounds for removal from the hearing. The grievant will present his case first.

J. Grievance hearings should be held within thirty (30) days after the grievance is filed. Written notice of the date of the hearing and a copy of the grievance will be sent to all involved persons, including the Grievance Panel, at least five days prior to the date of the hearing, by the County Legal Department.

K. The grievant and the Department Head will be permitted to present documentary evidence and the testimony of witnesses at the hearing. County Employees named as witnesses by either the grievant or County Legal must attend the hearing. Witnesses shall be limited to testimony relevant to the incident leading to the discipline being grieved. No character witnesses or observers are permitted to attend the hearing. A list of the witnesses and a copy of the documentary evidence must be delivered to the County Legal Department by noon five (5) working days prior to date of the hearing for distribution to all involved persons, including the Grievance Panel. Other witnesses and documents will not be admitted.

L. Grievants may not contact or communicate with any member of the Grievance Panel during the grievance process except in response to a direct question. A violation of this rule will result in cancellation of the hearing and automatic upholding of disciplinary action.

M. The Grievance hearing is not to be used as a forum for personal attacks against management and/or coworkers.

N. The County's Director of Human Resources or her designee should be in attendance or readily available by telephone and should serve as a resource of information to the Grievance Panel. The Director does not have a vote.

O. The formal hearing will be recorded on cassette tape to assist the Grievance Panel in their deliberation and for record-keeping purposes.

P. At the end of the hearing, the Grievance Panel will deliberate and make a recommendation. Recommendations should be made on the same day the grievance is held. If the Grievance Panel decides it is necessary, the deliberations may be continued as reasonably necessary.

Q. The recommendation will be given or mailed by the Chair of the Grievance Panel to the County Legal Department for distribution to the Department Head. The Department Head will advise the Grievant of their decision as soon as is reasonably practical.

R. If either County Legal or Director of Human Resources believes the Department Head is not acting in the best interest of the County, either will have the opportunity to bring the issue to Commissioner's Court in an Executive session.

S. The following guidelines have been adopted by the County Grievance Panel to help the grievance hearing process move efficiently and effectively.

1. The Grievance Panel will keep each hearing to a maximum of 1 ½ hours.

2. Presentations of testimony should be brief and relevant. Relevant means specifically related to the incident from which the disciplinary action arose or the Grievant's prior work performance which was considered by the Supervisor in taking the disciplinary action.

3. Witnesses should only be called to provide testimony that is relevant to the incident leading to the grieved discipline. Character witnesses will not be permitted.

4. The Grievance Panel may impose sanctions to control the hearing process. This sanction authority includes the power to dismiss witnesses and to terminate the hearing.

5. Loud, abusive or profane language will not be permitted.

6. The Grievant may represent their self or be represented by either an attorney **or** a Union Representative. The County will be represented by the County Legal Department.

7. The Grievant and the Supervisor will be given an opportunity to present documents and witnesses to support their position. Presentations, including openings and closings, are limited to a sequential 45 minutes for the Grievant and 45 minutes for the Supervisor. No cross examination is permitted. The Grievant will begin the process.

8. Grievance Panel members may ask questions of any person in attendance.

9. Witnesses for each party will not be permitted to remain in the room in which the grievance hearing is being conducted. They will be summoned as needed.

10. After the conclusion of closing arguments, the Grievance Panel will deliberate and make a recommendation to the Employer for distribution to all parties.

11. A written copy of the Employer's response to the recommendations will be sent to each Grievance Panel Member.

Examples of E-mail records are: policies and directives; correspondence or memos pertaining to the County's contractual, administrative, engineering, quality, and fiscal business; work schedules and assignments; drafts of documents circulated for approval or comment; messages that initiate, authorize or complete a business transaction; and final reports or recommendations.

2. E-mail non-records include: personal messages or announcements not related to official business; phone message reminders; meeting reminders.

Transitory E-mail messages are requests for reports, notices of meetings, reminders of a deadline or other communications that are informational. They may be records or non-records depending on their content.

IMPROPER USE: Any misuse as described in this Policy as well as any vulgar, harassing, offensive, demeaning, insulting, intimidating, or sexually suggestive written, recorded, or electronically transmitted messages.

INCIDENTAL USE: Use consisting of an occasional or "by chance" encounter or use. Personal use outside of related County or professional related business, not to exceed 25 per week. (Can be variable, depending on the situation and content of communication)

REASONABLE SUSPICION: Suspicion based on information and belief that an act occurred in violation of the rules and policies of the County.

B. These Policies are established to ensure the well-established principle of Texas law that all County property, including County communication services and equipment is used for County purposes, not private purposes. In accordance with this principle, authorized representatives of the County may access and oversee Employee communication and equipment to ensure that the equipment is properly used. Such access may occur when there is reasonable suspicion as defined in this Policy. Access may also occur when there is a non-investigatory work-related need to retrieve items such as correspondence, files, or reports.

C. This Policy applies to all Employees and Contract Workers of Galveston County.

D. Authorized representatives should instruct Employees on the proper use of communication services and equipment used by the county for both internal and external business. Questions regarding this Policy may be directed to the Human Resources Department.

E. It is the Policy of the County to provide or contract for communications services and equipment necessary to promote the efficient conduct of its business. All communication services and equipment, including messages transmitted or stored by the County of such contractors are the property of the County or the County's contractor. Employees and Contract Workers have no ownership interests in such communication services and equipment.

F. Communication services and equipment shall be used solely for job-related purposes. Authorized representatives may access, copy, review, and download any communications or files created or maintained by Employees or Contract Workers on the computer systems or voice mail.

G. The Information Technology Department is responsible for the general administration of this policy as well as the operation and maintenance of communications equipment and services. Information Technology employees are held to a higher standard of ethical behavior due to this responsibility. IT may periodically recommend to the Commissioners' Court for adoption detailed operational procedures and practices for the operation and use of communications equipment and services.

H. While Employees and Contract Workers are provided a confidential password for access to Communications Equipment and Services, users are advised that this does not suggest that the equipment and services are for personal confidential communication. Nor does it suggest that any Employee or Contract Worker has a property right or interest in such Equipment or Services including e-mail.

I. Pass words should periodically be changed to help ensure security of the Communications Equipment and Services. Users must not share their passwords with anyone else other than their Supervisor and Department Head. Employees and Contract Workers shall protect messages, files, records and passwords from unauthorized third parties.

J. The County recognizes that its Employees' personal lives occasionally intersect with their work lives and that reasonable and incidental use of County time or County property in crossing such intersections is not a misuse of County resources. A typical example includes an occasional short personal local phone call made by an Employee to their spouse toward the end of a working day. Although such personal communications are permissible, they should not be made for private commercial purposes and they should utilize only incidental amounts of Employee time.

K. Employees and Contract Workers shall minimize use of the County's telephones, cellular phones, facsimiles, email and Internet use for personal purposes. Personal use shall not unreasonably interrupt or interfere with the Employee's or Contract Worker's work or prevent or hinder the use of the telephones, facsimiles or other communications equipment for County business. Personal communications which result in direct costs paid by the County (e.g., long distance or cellular phone calls) may be made only in case of emergency.

L. Telephones/Cellular Phones/Facsimiles

1. Employees and Contract Workers who do not have direct access to a telephone during work hours should make arrangements to have emergency or other necessary incoming calls routed to their supervisors or an area designated by their supervisors.

2. Cell phones shall be turned off or set to silent or vibrate mode during meetings, conferences and in other locations where incoming calls may disrupt normal workflow.

3. Employees may carry and use personal cell phones while at work on a sporadic basis. If employee use of a personal cell phone causes disruptions or loss in productivity, the employee may become subject to disciplinary action.

4. Department managers reserve the right to request that the employee provide cell phone bills and usage reports for calls made during the working hours of that employee to determine if use is excessive.

5 The County switchboard has the capability to access most exchanges within the Houston/Galveston area without incurring long distance charges. Access of these exchanges should be made by dialing the appropriate sequence instead of long distance and should be used for County business calls only.

6. Long distance use is limited to those Employees and Contract Workers who have been authorized to have County access codes by their Department Heads.

These access codes may be used only for County business. Employees and Contract Workers are forbidden from making any personal long distance phone calls except in case of emergency. Emergency long distance phone calls may be made upon prior approval of authorized representatives.

7. Employees and Contract Workers shall have a duty to inquire into the cost of and shall reimburse the County for any unauthorized or emergency long distance calls made by them prior to the payment of such costs by the County.

8. Employees and Contract Workers making personal calls on County cellular phones shall reimburse the County for such calls prior to the payment of such costs by the County.

9. The County monitors telephones usage according to length of calls and long distance calls made. Employees and Contract Workers may be asked to provide documentation for telephone calls and facsimiles. Authorized representatives have the ability to request extension reports which detail the length of calls and to whom the calls were made.

M. Voice Mail

1. Voice mail should not be used for personal messages (i.e., soliciting contributions, arranging for an after-work get together).

2. Employees and Contract Workers should listen and respond to their messages within a reasonable time frame.

3. Employees and Contract Workers are expected to exhibit the same high level of ethical and business standards when using voice mail messages as they are required to do in all other forms of County communication.

4. Use of voice mail is not an acceptable alternative to proper notification of being late or absent from a regularly scheduled workday. An Employee or Contract Worker must call and speak to his/her immediate supervisor and if he/she is not available, then to the next available supervisor.

N. E-Mail

1. The County Electronic Mail System (“e-mail”) is designed to facilitate the transmittal of messages, memoranda and other business communications among Employees and other business associates.

2. The e-mail system is County property and is intended for County business only. The system is not to be used for Employees’ and Contract Workers’ personal use, gain or to support or advocate for non-County related business, personal parties, social meetings,

political or religious causes or other matters not connected with the County's business. All data and other electronic messages within this system are the property of the County.

1. All e-mail documents must reflect the ethical standards that the County expects from every Employee. Employees and Contract Workers must take care to ensure all facts are accurate and words are carefully chosen to accurately reflect situation or record the event or business transaction. Improper use of the email system is prohibited and will result in disciplinary measures up to and including termination.

2. Employees and Contract Workers should not respond to inappropriate unsolicited e-mail. The Employee and Contract Workers must make every effort to stop inappropriate and or unsolicited e-mail.

3. The County, through its authorized representatives, reserves the right to review the contents of Employees' and Contract Workers' e-mail communications when necessary for County business purposes.

4. Employees and Contract Workers may not intentionally intercept, eavesdrop, record, read, alter or receive another person's email messages without proper authorization. Unintentional interceptions must be discontinued immediately upon discovery.

5. Employees and Contract Workers should be aware that when they have deleted a message from their mailbox, it may have not been deleted from the e-mail system.

6. Employees and Contract Workers are required to follow County standard procedures for properly managing, retaining and deleting e-mail records.

7. Only authorized persons may use e-mail. If an Employee or Contract Worker has not been issued an e-mail password, he/she may not use the e-mail system.

8. Employees and Contract Workers shall not access e-mail belonging to others by any means, unless authorized to do so. Employees and Contract workers in IT are required to maintain confidentiality relating to County e-mails, computer, and or internet information and specific individual usage, unless expressly authorized to disclose information. IT employees and contractors shall not use their position to threaten either veiled or otherwise users of the County email, internet, or computer systems.

8. Use of e-mail is not an acceptable alternative to proper notification of being late or absent from a regularly scheduled workday. An Employee or Contract Worker must call and speak to his/her immediate supervisor and if he/she is not available, then to the next available supervisor.

9. Information Technology may limit the number and/or the amount of space available for Employees and Contract Workers' e-mails. But, before taking limiting or blocking e-mails, Information Technology will notify the Employee of their intention and give the Employee an opportunity to come into compliance with the request.

10. The Commissioners' Court authorizes Information Technology to utilize various tools and services to protect the County's e-mail and system assets from the receipt or transmission of potentially damaging files. As a result certain types of e-mails and attachments may be blocked from receipt or may be quarantined before delivery.

11. Employees and Contract Workers should limit distribution of their County e-mail address information to County related business purposes only.

12. The County recognizes that Employees, Contract Workers and the County's e-mail services cannot always control unwanted or unsolicited e-mail. Users who receive unwanted or unsolicited e-mail shall unsubscribe, if possible, and shall bring threatening or offensive communications to the attention of their Supervisor and the Human Resources Department.

O. Internet

1. The Internet access provided by the County is to be used in a responsible manner for County business only. Its use may be limited as necessary by the County's Information Technology Department. It is not to be used for personal enjoyment or gain and under no circumstances is it to be used for improper or unethical, sexually explicit transmitting or receiving, any use in violation of County policy, or for purposes unrelated to topics necessary to perform an Employee's or Contract Worker's job.

2. All communications on the Internet can be traced back to the County and, by extension, an Employees' access code or password if it is done through County access. Employees and Contract Workers are required to follow professional ethics in their use of the Internet.

3. Employees and Contract Workers who are Network users should refrain from disclosing their access code or password to anyone other than their immediate Supervisor. Such access codes or passwords should be periodically changed to ensure security of the Internet system.

4. Network users shall not knowingly perform acts which deliberately waste computing resources. Examples include injecting a computer virus, sending or receiving excessively large mailings or files, batch programs, junk mail, chain letters and audio/video files.

5. Network users shall not knowingly unfairly monopolize resources to the exclusion of others.

6. The County recognizes that unwanted or unsolicited contact cannot be controlled on the Internet or the County network. Uses who receive threatening or offensive communications shall bring them to the attention of their Supervisor and the Human Resources Department.

P. Computer Systems and Software

1. Employees and Contract Workers shall not introduce unlicensed or unauthorized software into the County computer system for any reason. All software must be cleared by the Information Technology Department before installation on a County computer. Existing unlicensed or unauthorized software must be immediately removed or similarly cleared through the Information Technology Department.

2. Employees and Contract Workers shall not copy County software for use at home, unless authorized to do so by the Information Technology Department.

3. Employees and Contract Workers shall not use another Employee's or Contract Worker's computer, unless authorized to do so and shall not use another Employee's or Contract Worker's password to log on to the system unless authorized to do so.

4. Supervisors must inform the Information Technology Department of all new Employees, Employee terminations, transfers to other departments within the County, or changes within Employees' or Contract Workers' current responsibilities affecting information systems use.

5. Except to the extent permitted by the Texas Public Information (Open Records) Act, Employees and Contract Workers who are terminated, laid off, or otherwise no longer employed by the County of the County's contractor, have no right to the contents of their e-mail messages and are not allowed access to the e-mail system. Authorized representatives may access an Employee's or Contract Worker's e-mail if Employees or Contract Workers are on leave of absence, vacation, or are transferred from one department to another department and it is necessary for the County's business purposes.

6. Employees and Contract Workers shall not tamper with or intentionally or knowingly alter, damage, or destroy the hardware, software, and computer files of the County.

7. The consequence for obstructing, prohibiting, or inhibiting an investigation relating to the County e-mail, internet, or computer usage, will result in immediate discipline, up to and including termination.

Q. Mail and Official Communications

1. Employees and Contract Workers shall not use the County's stationary for personal purposes or allow their personal correspondence to appear to be an official communication of the County.

2. Personalized County stationary and business cards shall only be issued by the County.

3. Employees and Contract Workers should not use the County's address for receiving personal mail, packages or other communications.

4. Employees and Contract Workers shall not use County postage for personal mail.

R. Consequences to Employees and Contract Workers

1. Any Employee in violation of any portion of this Policy may be subject to disciplinary action. Illegal usage of communication equipment and services or other County property may subject an Employee or Contract Worker to criminal prosecution.

2. Any person under contract to provide services to the County who violates this Policy may be deemed to have breached his/her contract and may be banned from the work site.

3. Any Employee who refuses to consent to any reasonable access, copying, reviewing, and downloading of any communications equipment and services utilized by such Employee based on reasonable suspicion or a non-investigatory work-related need may be subject to disciplinary action. Any Contract Worker who refuses to consent to any reasonable access, copying, reviewing, and downloading of any communications equipment and services utilized by such Contract Worker based on reasonable suspicion or a non-investigatory work-related need may be banned from the work site.

4. Any Employee in unauthorized possession of either County property or the possession of property of another Employee or Contract Worker without their permission will be subject to disciplinary action. Any Contract Worker in unauthorized possession of either County property or the property of another Employee or Contract Worker will be banned from the work site.

Policy HR023- Internet, Social Media, and E-Mail Usage Work Expectations
Page 1 of 3

A. The county recognizes that use of the Internet has many benefits for the county and its employees. The Internet and e-mail can make communication more efficient and effective. Therefore, employees are encouraged to use the Internet appropriately. Unacceptable usage of the Internet can place the County and others at risk. This policy discusses acceptable usage of the Internet and e-mail.

B. The following guidelines have been established for using the Internet and e-mail in an appropriate, ethical and professional manner.

1. Galveston County Internet and e-mail access may not be used for transmitting, retrieving or storing of any communications of a defamatory, discriminatory or harassing nature or pornographic. No messages received or sent with derogatory or inflammatory remarks about an individual's race, age, disability, religion, national origin, physical attributes or sexual preference shall be transmitted or received. Harassment, sexually oriented, and or discrimination of any kind are strictly prohibited.

2. Disparaging, abusive, profane, or offensive language; materials that might adversely or negatively reflect upon Galveston County or be contrary to Galveston County's best interests; and any illegal activities—including piracy, cracking, extortion, blackmail, copyright infringement, conflict of interests, communication and derogatory or sexually oriented pictures from personal phones, using the computer system for personal outside businesses, dating sites, face book (unless authorized for County business), and unauthorized access to any computers on the Internet or e-mail—are forbidden.

3. Copyrighted materials belonging to entities other than the County may not be transmitted by employees on the company's network. All employees obtaining access to other companies' or individual's materials must respect all copyrights and may not copy, retrieve, modify or forward copyrighted materials, except with permission or as a single copy to reference only. If you find something on the Internet that may be interesting to others, do not copy it to a network drive. Instead, give the URL (uniform resource locator or "address") to the person who may be interested in the information and have that person look at it on his/her own.

4. Do not use the system in a way that disrupts its use by others. This includes excessive personal usage, (more than 25 personal emails per week) sending or receiving many large files and "spamming" (sending e-mail messages to thousands of users.)

5. Do not use the internet for personal use or as your only email service. A few personal emails, a very small amount in number is considered incidental use and may be allowable, if the content does not violate any of this policy.

6. Each employee is responsible for the content of all text, audio or images that he/she receives, places or sends over the company's Internet and e-mail system. No e-mail or other electronic communications may be sent which hides the identity of the sender or represents the sender as someone else. Also, be aware that The County's name is attached to all messages so use discretion in formulating messages or sending any messages from the County.

7. Generally, e-mail is not private or confidential. All electronic communications are The County's property. Employees are expected to be respectful and avoid disparaging remarks or images about any of these individuals.

D. Right to Monitor and Consequences

1. All County-supplied technology, including computer systems and company-related work records belong to the county and not the employee. The County may routinely monitor usage patterns for its e-mail and Internet communications. Although encouraged to explore the vast resources available on the Internet, employees should use discretion in the sites that are accessed. High ethical standards are expected from each employee.

2. Since all the computer systems and software, as well as the e-mail and Internet connection, are County -owned, all County policies are in effect at all times. Whereas, V.T.C.A., Tax Code §31.03 (a) provides that the governing body of a taxing unit that collects its own taxes may provide that a person who pays one-half of the unit's taxes before December 1 may pay the remaining one-half of the taxes without penalty or interest before July 1 of the following year; and

Whereas, V.T.C.A. §31.03 (b) provides that the split-payment option, if adopted, applies to taxes for all units for which the adopting unit collects taxes; and

Whereas, V.T.C.A. §31.03 (d) provides that the governing body of a taxing unit that has its taxes collected by another taxing unit that has adopted the split-payment option under §31.03 (a) may provide, in the manner required by law for official action by the body, that the split-payment option does not apply to the taxing unit's taxes collected by the other taxing unit; and

Whereas, it is the desire of the Commissioners' Court to provide for this split pay option for Galveston County and Galveston County Road and Flood.

Now, Therefore Be it Ordered that the **Commissioners' Court**, for and on behalf of Galveston County, Galveston County Road and Flood and all other taxing units for which Galveston County collects taxes hereby adopts the split pay provisions of V.T.C.A., Tax Code

Be it Further Ordered that copies of this Order be sent to each taxing entity for which Galveston County collects taxes in order to enable them to make a determination as to whether the split-payment option also applies to their entity.

Be it Further Requested that to help enable the **Galveston County Tax Office** to properly prepare tax statements for each entity for which Galveston County collects ad-valorem taxes that any entity that makes a determination that the split-payment option does not apply to it notify the **Hon. Cheryl E. Johnson** of such decision by no later than August 1, 2013.

Whereas, V.T.C.A., Tax Code §11.13 and §11.131 provides for the granting of various residence homestead exemptions. Through the years the Commissioners' Court of Galveston County has granted such exemptions; and

Whereas, the Court desires to continue to provide for such exemptions.

It is Therefore Ordered that the Commissioners' Court hereby exempts from its 2013 Tax Levy the first Sixty Thousand ($60,000.00) Dollars of the assessed value of residence homestead of persons, married or unmarried, including those living alone, who are under disability for purposes of payment of disability insurance benefits under Federal Old Age, Survivors and Disability Insurance or its successor, as provided in Article 8, §1-b (b), Constitution of the State of Texas.

It is Further Ordered that the Commissioners' Court hereby exempts from such ad valorem taxes the first Sixty Thousand ($60,000.00) Dollars of the assessed value of residence homestead of persons, married or unmarried, including those living alone who are sixty-five years of age or older, as provided in Article 8, §1-b(b), Constitution of the State of Texas.

It is Further Ordered that as provided in Article 8, §1-b(f) Constitution of the State of Texas and V.T.C.A., Tax Code §11.13(q), the surviving spouse of an individual who received an exemption under §1-b(b) for the residence homestead of a person sixty-five (65) years of age or older is entitled to an exemption for the same property in an amount equal to that of the exemption for which the deceased spouse qualified if the deceased spouse died in a year in which the deceased

spouse qualified for the exemption, the surviving spouse was fifty-five (55) years of age or older when the deceased spouse died, and the property was the residence homestead of the surviving spouse when the deceased spouse died and remains the residence homestead of the surviving spouse. A person who receives an exemption under §1-b(b), Constitution of the State of Texas, is not entitled to an exemption under this paragraph. Also, an individual who receives and exemption under V.T.C.A., Tax Code 11.13(d) is not entitled to an exemption under V.T.C.A., §11.13(q).

Joint, community or successive owners may not each receive the same exemption for the same residence homestead in the same year. In addition, a person may not receive an exemption under V.T.C.A., Tax Code §11.13(h) for more than one residence homestead in the same year.

It is Further Ordered that as provided in V.T.C.A., Tax Code §11.13(l) a qualified residential structure does not lose its character as a residence homestead when the owner who qualifies for the exemption temporarily stops occupying it as a principal residence if the owner otherwise complies with the conditions set forth in this section.

It is Further Ordered that Galveston County hereby exempts the first Three Thousand ($3,000.00) Dollars of the assessed value on the residential homestead from its Farm to Market Lateral Road and Flood Tax Levy as provided in Article 8, §1-a of the Constitution of the State of Texas. As provided for in V.T.C.A., Tax Code §11.13(g), an individual may not receive the "Farm to Market" exemption in addition to the "over sixty-five" or "disability" exemption but is entitled to take only the "over sixty-five" or "disability" exemption.

(1) the surviving spouse has not remarried since the death of the disabled veteran; and

2013 Property Tax Rates in Galveston County

This notice concerns the 2013 property tax rates for Galveston County. It presents information about three tax rates. Last year's tax rate is the actual tax rate the taxing unit used to determine property taxes last year. This year's *effective* tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's *rollback* tax rate is the highest tax rate the taxing unit can set before taxpayers start rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per $100 of property value.

	General Fund	Farm to Market/ Flood Control Fund
Last year's tax rate:		
Last year's operating taxes	$95,796,757	$1,840,135
Last year's debt taxes	$24,077,323	$0

Last year's total tax rate	$0.599915/$100	$0.008855/$100
This year's effective tax rate:

÷ This year's adjusted tax base (after subtracting value of new property)	$19,143,720,856	$20,015,204,926
= This year's effective tax rate for each fund	$0.603312/$100	$0.008870/$100
Total effective tax rate (Maximum rate unless unit publishes notices and holds hearings.)	$0.612182/$100

÷ This year's adjusted tax base	$19,143,720,856	$20,015,204,926
=This year's effective operating rate	$0.477096/$100	$0.008871/$100
x 1.08=this year's maximum operating rate	$0.515263/$100	$0.009580/$100
