

## September is National Senior Center Month!

### **Join Galveston County Parks and Senior Services for an Open House**

The month of September is a particularly important time of the year for our seniors who have an opportunity to showcase their community centers and share the enormous benefits of participation with all that are interested.

We are committed to supporting our seniors and our Galveston County communities through effective, compassionate methods, professional proficiency, advocacy, research and federal standard compliance.

Please join us on a tour of our facilities and experience the supportive and accommodating environment practiced at our community centers. Then consider what an active and healthy lifestyle could do for your life or your loved ones as we continue to age.

*Visitors can expect presentations in exercise, various activities and arts and crafts. Refreshments provided.*
