GENERAL PROVISIONS
SHERIFF DEPARTMENT UNIFORMS & SUPPLIES
GALVESTON COUNTY, TEXAS

1. BID PACKAGE:
The Invitation to Bid, general and special provisions, drawings, specifications/line item details, contract documents
and the Bid sheet are all part of the Bid package. BIDS must be submitted in sets of four (4), one (1) original and
three (3) copies on the forms provided by the County if provided, including the Bid sheets completed in their entirety
and signed by an authorized representative by original signature. Failure to complete and sign the Bid
sheets/contract page(s) may disqualify the Bid from being considered by the Commissioners’ Court. Any individual
signing on behalf of the Bidder expressly affirms that he or she is duly authorized to tender this Bid and to sign the
Bid sheet/contract under the terms and conditions in this bid. Bidder further understands that the signing of the
contract shall be of no effect unless subsequently awarded and the contract properly executed by the Commissioners’
Court. All figures must be written in ink or typed. Figures written in pencil or with erasures are not acceptable.
However, mistakes may be crossed out, corrections inserted, and initialed in ink by the individual signing the bid. If
there are discrepancies between unit prices quoted and extensions, the unit price shall prevail. Each Bidder is
required to thoroughly review this entire Bid package to familiarize themselves with the Bid procedures, the plans and
specifications for the requested work, as well as the terms, and conditions of the contract the successful Bidder will
execute with the County.

2. BIDDER’S RESPONSIBILITY
The Bidder must affirmatively demonstrate its responsibility. The Bidder must also meet the following minimum
requirements:

A. have adequate financial resources or the ability to obtain such resources as required;
B. be able to comply with all federal, state, and local laws, rules, regulations, ordinances and orders regarding
   this Request for Bid;
C. have a satisfactory record of performance;
D. have a satisfactory record of integrity and ethics;
E. and be otherwise qualified and eligible to receive an award.

The criteria utilized for determining responsibility of Bidder(s) includes, but is not limited to, the Bidder’s experience,
skill, ability, business judgment, financial capacity, integrity, honesty, possession of the necessary facilities or
equipment, previous performance, reputation, promptness, and any other factor deemed relevant by the County. The
Bidders shall furnish any information requested by the County in order for the County to determine whether a Bidder
is responsible.

3. TIME FOR RECEIVING BIDS:
Bids received prior to the submission deadline will be maintained unopened until the specified time for opening. If
the Bidder fails to identify the Bid Number on the outside of the envelope as required, the Purchasing Agent will open
the envelope for the sole purpose of identifying the Bid number for which the submission was made. The envelope
will then be resealed. No liability will attach to a County office or employee for the premature opening of a bid. If
you do not submit a bid, return this Invitation to Bid and state reason, otherwise your name may be removed from the
Purchasing Agent’s mailing list.

4. BID OPENING:
Information read aloud at the bid opening is the sole discretion of the Purchasing Agent. The Purchasing Agent will
examine Bids promptly and thoroughly. No Bid may be withdrawn for a period of sixty (60) calendar days of the Bid
opening date.

5. COMMISSIONERS’ COURT:
No contract is binding on the County until it is properly placed on the Commissioners’ Court agenda, approved in
open Court, authorized to be executed by the County Judge, and fully executed by both parties.
Department heads and elected officials are not authorized to enter into any type of agreement or contract on behalf of
the County. Only the Commissioners’ Court acting as a body may enter into a contract on behalf of and contractually
bind the County. Additionally, department heads and elected officials are not authorized to agree to any type of supplemental agreements or contracts for goods or services. Supplemental agreements are subject to review by the County Legal Department prior to being accepted and signed by the County’s authorized representative.

6. REJECTION OF BIDS/DISQUALIFICATION:
Galveston County, acting through its Commissioners’ Court, reserves the right to:

- reject any and all Bids in whole or in part received by reason of this request for bid;
- to waive any informality in the Bids received;
- to disregard the Bid of any Bidder determined to be not responsible and/or;
- to discontinue its efforts for any reason under this Bid package at any time prior to actual execution of contract by the County.

Bidders may be disqualified and rejection of Bids may be recommended to the Commissioners’ Court for any of (but not limited to) the following causes:

A. Lack of signature by an authorized representative on the Bid form(s);
B. Failure to properly complete the Bid;
C. Bids that do not meet the mandatory requirements; and/or;
D. Evidence of collusion among Bidders.
E. Failure to use the Bid form(s) furnished by the County.

7. RESTRICTIVE OR AMBIGUOUS SPECIFICATIONS:
It is the responsibility of the prospective Bidder to review the entire Invitation to Bid packet and to notify the Purchasing Department if the specifications are formulated in a manner that would restrict competition or appear ambiguous. Any protest or question(s) regarding the specifications or Bid procedures must be received in the Purchasing Department not less than seventy-two (72) hours prior to the time set for Bid opening. Vendors are to submit Bid as specified herein or propose an approved equal.

8. SUBSTITUTES/DESCRIPTION OF MATERIALS AND EQUIPMENT:
Any brand name or manufacturer reference used herein is intended to be descriptive and not restrictive, unless otherwise noted, and is used to indicate the type and quality of material. The term “or equal” if used, identifies commercially produced items that have the essential performance and salient characteristics of the brand name stated in the item description. All supplies, material, or equipment shall be new and of the most suitable grade for the purpose intended. It is not the County’s intent to discriminate against any materials or equipment of equal merit to those specified. However, if Bidder desires to use any substitutions, prior written approval must be obtained from the County Purchasing Agent and sufficiently in advance such that an addendum may be issued. All material supplied must be one hundred percent (100%) asbestos free. Bidder, by submission of its bid, certifies that if awarded any portion of this procurement, the bidder will supply only material and equipment that is 100% asbestos free.

9. EXCEPTIONS TO BID:
The Bidder will list on a separate sheet of paper any exceptions to the conditions of the bid. This sheet will be labeled, “Exceptions to Bid Conditions”, and will be attached to the bid. If no exceptions are stated, it will be understood that all general and specific conditions will be complied with, without exception.

The Bidder must specify in its Bid any alternatives it wishes to propose for consideration by the County. Each alternative should be sufficiently described and labeled within the Bid and should indicate its possible or actual advantage to the program being offered.

The County reserves the right to offer these alternatives to other Bidders.
GENERAL PROVISIONS
SHERIFF DEPARTMENT UNIFORMS & SUPPLIES
GALVESTON COUNTY, TEXAS

10. PRICING:
Bids will be either lump sum or unit prices as shown on the Bid sheet. The net priced items will be delivered to
Galveston County, including all freight or shipping charges. Cash discount must be shown on bid, otherwise prices
will be considered net. Unless prices and all information requested are complete, Bid may be disregarded and given
no consideration. In case of default by the contractor, the County of Galveston may procure the articles or services
from other sources and may deduct from any monies due, or that may thereafter become due to the contractor, the
difference between the price named in the contract of purchase order and the actual cost thereof to the County of
Galveston. Prices paid by the County of Galveston shall be considered the prevailing market price at the time such
purchase is made. Periods of performance may be extended if the facts as to the cause of delay justify such extension
in the opinion of the Purchasing Agent and the Commissioners' Court.

11. PROCUREMENT CARD PROGRAM:
The County of Galveston participates in a Procurement Card (P-Card) program that allows payments made to a
vendor by credit card. This method normally results in substantially faster bill payments, sometimes within three (3)
to five (5) days of the actual transaction date. All transaction fees from the card provider are to be paid by the
successful contractor. If your company will accept payment via credit card (Visa, MasterCard), please note this in
your Bid submittal.

12. PASS THROUGH COST ADJUSTMENTS:
Except in instances of extreme extenuating circumstances Contractor prices shall remain firm throughout the Contract
period and any renewals. Examples of extreme extenuating circumstances include such situations as a nationwide rail
strike, oil shortage or oil embargo.

In extreme extenuating circumstances, Contractors may be allowed to temporarily “pass through” additional costs they
are forced to incur through no fault of their own. A request for a pass through cost increase will not be considered
unless a Contractor’s cost for his product exceeds 10% over the original cost for the product. Also, the increase in
cost must be nationwide and consistent for a minimum period of sixty (60) days. Costs that historically are
anticipated to rise over a period of time (for example only, such as wages or insurance costs) do not qualify for pass
through. If a Contractor thinks he will be asking for a pass through cost adjustment during the term of the contract,
then the original cost of the product to Contractor must be stated in Contractor’s original bid.

A request for a pass through cost does not guarantee that one will be granted. Contractors must submit such
information on each request as is required by the County Purchasing Agent. The County Purchasing Agent will review
each request on a case-by-case basis and determine the appropriateness of each request as well as amount and duration
of increase. Contractors will not be permitted any additional compensation for mark-ups or profits based on the
increase in price. Rather, such additional compensation will be limited to the actual increase in original cost to the
Contractor as such increase is reflected by the original cost stated in the Bid. But in no event will the amount of
additional compensation exceed 25% increase in Contractor’s original cost for his product as such cost is reflected in
Contractor’s original Bid or the duration exceed a period of sixty (60) days. In addition, should, during the period of
the pass through, cost return to normal or decrease to below pre pass through prices, appropriate downward
adjustments will be made. No more than one pass through adjustment will be permitted per year.

13. MODIFICATION OF BIDS:
A Bidder may modify a bid by letter at any time prior to the submission deadline for receipt of Bids. Modification
requests must be received prior to the submission deadline. Modifications made before opening time must be initialed
by Bidder guaranteeing authenticity. Bids may not be amended or altered after the official opening with the single
exception that any product literature and/or supporting data required by the actual specifications, if any, will be
accepted at any time prior to the Commissioners’ Court considering of same.
14. SIGNATURE OF BIDS:
Each Bid shall give the complete mailing address of the Bidder and be signed by an authorized representative by original signature with the authorized representative's name and legal title typed below the signature line. Each bid shall include the Bidder's Federal Employer Identification Number (FEIN). Failure to sign the Contract page(s) and bid response sheets may disqualify the bid from being considered by the County. The person signing on behalf of the Bidder expressly affirms that the person is duly authorized to tender the bid and to sign the bid sheets and contract under the terms and conditions of this Invitation to Bid and to bind the Bidder thereto and further understands that the signing of the contract shall be of no effect until it is properly placed on the Commissioners' Court agenda, approved in open Court, authorized to be executed by the County Judge, and fully executed by both parties.

15. AWARD OF BIDS – EVALUATION CRITERIA AND FACTORS:
The award will be made to the responsible Bidder whose bid is determined to be the best evaluated offer demonstrating the best ability to fulfill the requirements set forth in this Invitation to Bid. **The proposed cost to the County will be considered firm and cannot be altered after the submission deadline, unless the County invokes its right to request a best and final offer.**

Each Bidder, by submitting a bid, agrees that if their bid is accepted by the Commissioners’ Court, such Bidder will furnish all items and services upon which prices have been tendered and upon the terms and conditions in this bid and contract.

The contractor shall commence work only after the transmittal of a fully executed contract and after receiving written notification to proceed from the County Purchasing Agent. The contractor will perform all services indicated in the bid in compliance with this contract.

Neither department heads nor elected officials are authorized to sign any binding contracts or agreements prior to being properly placed on the Commissioners’ Court agenda and approved in open court. Department heads and other elected officials are not authorized to enter into any type of agreement or contract on behalf of Galveston County. Only the Commissioners’ Court, acting as a body, may enter into a contract on behalf of the County. Additionally, department heads and other elected officials are not authorized to agree to any type of supplemental agreements or contracts for goods or services. Supplemental agreements are subject to review by the County Legal Department prior to being signed by the County’s authorized representatives.

The County of Galveston reserves the right to accept bids on individual items listed, or group items, or on the bid as a whole; to reject any and all bids; to waive any informalities in the bids; and to accept the bid that appears to be in the best interest of the County. The selection process may, however, include a request for additional information or an oral presentation to support the written bid.

In determining and evaluating the best bid, the pricing may not necessarily be controlling, but quality, equality, efficiency, utility, general terms, delivery, suitability of the service offered, and the reputation of the service in general use will also be considered with any other relevant items. The Commissioners’ Court shall be the sole judge in the determination of these matters.

The County reserves the right to reject any or all Bids in whole or in part received by reason of this Invitation to Bid and may discontinue its efforts under this Invitation to Bid for any reason or no reason or solely for the County’s convenience at any time prior to actual execution of the contract by the County.

A Bidder whose bid does not meet the mandatory requirements set forth in this Invitation to Bid will be considered non-compliant.
GENERAL PROVISIONS
SHERIFF DEPARTMENT UNIFORMS & SUPPLIES
GALVESTON COUNTY, TEXAS

The invitation to submit a bid which appears in the newspaper, or other authorized advertising mediums, these general provisions, the specifications which follow, the Bid sheets, and any addenda issued are all considered part of the Bid.

Each Bidder, by submitting a bid, agrees that if its bid is accepted by the Commissioners’ Court, such Bidder will furnish all items and services upon the terms and conditions in this Invitation to Bid and the resultant contract.

Notice of contract award will be made within ninety (90) days of opening of Bids to the lowest responsive and responsible contractor, whose bid complies with all the requirements in the Invitation to Bid.

Contractor shall submit to the County, for approval, within ten (10) days from notice of contract award, all Certificates of Insurance evidencing the required coverage as described under Insurance in the schedule of the Invitation to Bid.

The contractor shall not commence work under these terms and conditions of the contract until all required and applicable Certificates of Insurance, Performance and Payment Bonds, and Irrevocable Letters of Credit have been approved by the County of Galveston and the Contractor has received notice to proceed in writing and an executed copy of the contract from the County Purchasing Agent.

16. DISPUTE AFTER AWARD/PROTEST:
Any actual or prospective Bidder who is allegedly aggrieved in connection with the solicitation of this Invitation to Bid or award of a contract resulting therefrom may protest. The protest shall be submitted in writing to the Purchasing Agent within seven (7) calendar days after such aggrieved person knows of or should have known of the facts giving rise thereto. If the protest is not resolved by mutual agreement, the Purchasing Agent will promptly issue a decision in writing to the protestant. If the protestant wishes to appeal the decision rendered by the Purchasing Agent, such appeal must be made to the Commissioners’ Court through the Purchasing Agent. The decision of the Commissioners’ Court will be final. The Commissioners’ Court need not consider protests unless this procedure is followed.

17. PUBLIC INFORMATION ACT:
The parties agree that the County is a governmental body for purposes of the Public Information Act, codified as Chapter 552 of the Texas Government Code and as such is required to release information in accordance with the Public Information Act. Bidder agrees that it has clearly and conspicuously marked any information that it considers to be confidential, proprietary, and/or trade secret in its Bid. County agrees to provide notice to Bidder in accordance with the Public Information Act in the event the County receives a request for information under the Public Information Act for information that the Bidder has marked as confidential, proprietary, and/or trade secret.

18. BIDDER’S E-MAIL ADDRESSES:
Notwithstanding the foregoing Section 17, Bidder acknowledges and agrees that the confidentiality of any and all email addresses it uses or discloses in communicating with the County are open to the public in accordance with Section 552.137 of the Government Code and consents to the release of its email addresses.

19. RESULTANT CONTRACT:
Bidder shall correctly and fully execute the resultant contract first. Afterwards, the contract shall be set for consideration by the Commissioners’ Court. If the Commissioners’ Court authorizes the execution of the contract, the resultant contract shall become effective upon the Commissioners’ Court execution of same. Contract documents shall consist of the contract, the general and special provisions, the drawings, bid package (including best and final offer(s) if such is utilized), any addenda issued, and any change orders issued during the work.

If applicable to the attached, Bidder must sign three (3) original contracts and return with their bid submittal.

Bidder should submit a proposed contract with its Bid or its sample material terms and conditions.
20. CONTRACT TERM:
The term of the resultant contract will begin on the date of execution by the Commissioners’ Court and will terminate on the date specified in the resultant contract unless terminated earlier as herein set forth.

21. TERMINATION FOR DEFAULT:
Failure of either party in the performance of any of the provisions of this contract shall constitute a breach of contract, in which case either party may require corrective action within ten (10) days from date of receipt of written notice citing the exact nature of such breach. Failure of the party being notified to take corrective action within the prescribed ten (10) days, or failure to provide written reply of why no breach has occurred, shall constitute a Default of Contract.

All notices relating to default by Bidder of the provisions of the contract shall be issued by County by its Legal Department, and all replies shall be made in writing to the County Legal Department. Notices issued by or issued to anyone other than the County Legal Department shall be null and void and shall be considered as not having been issued or received.

Galveston County reserves the right to enforce the performance of this contract in any manner prescribed by law in the event of breach or default of this contract, and may contract with another party, with or without solicitation of bids or further negotiations. At a minimum, Bidder shall be required to pay any difference in service or materials, should it become necessary to contract with another source, plus reasonable administrative costs and attorney fees.

In the event of Termination for Default, Galveston County, its agents or representatives shall not be liable for loss of any profits anticipated to be made by Bidder.

In addition to the remedies stated herein, the County has the right to pursue other remedies permitted by law or in equity.

No waiver by either party of any event of default under this agreement shall operate as a waiver of any subsequent default under the terms of this agreement.

County reserves the right to terminate this contract immediately in the event Bidder:
   A. Fails to meet delivery or completion schedules; and/or
   B. Fails to otherwise perform in accordance with the accepted Bid and the contract.

22. TERMINATION FOR CONVENIENCE:
County may terminate this contract upon at least thirty (30) calendar days prior written notice for its convenience or for any reason deemed by the County to serve the public interest. County may terminate this contract upon thirty (30) calendar days prior written notice for any reason resulting from any governmental law, order, ordinance, regulations, or court order. In no event shall County be liable for loss of any profits anticipated to be made hereunder by Bidder should this contract be terminated early.

23. FORCE MAJEURE:
If by reason of Force Majeure either Party shall be rendered unable, wholly or in part, to carry out its responsibilities under this contract by any occurrence by reason of Force Majeure, then the Party unable to carry out its responsibility shall give the other Party notice and full particulars of such Force Majeure in writing within a reasonable time after the occurrence of the event, and such notice shall suspend the Party’s responsibility for the continuance of the Force Majeure claimed, but for no longer period.

Force Majeure means acts of God, floods, hurricanes, tropical storms, tornadoes, earthquakes, or other natural disasters, acts of a public enemy, acts of terrorism, sovereign conduct, riots, civil commotion, strikes or lockouts, and
other causes that are not occasioned by either Party's conduct which by the exercise of due diligence the Party is unable to overcome and which substantially interferes with operations.

24. ESTIMATED QUANTITIES:
Any reference to quantities shown in the Invitation to Bid is an estimate only. Since the exact quantities cannot be predetermined, the County reserves the right to adjust quantities as deemed necessary to meet its requirements.

25. CONTRACTOR INVESTIGATION:
Before submitting a bid, each Bidder shall make all investigations and examinations necessary to ascertain all site conditions and requirements affecting the full performance of the contract and to verify any representations made by the County upon which the contractor will rely. If the contractor receives an award as a result of its bid submission, failure to have made such investigations and examinations will in no way relieve the contractor from its obligation to comply in every detail with all provisions and requirements of the contract, nor will a plea of ignorance of such conditions and requirements be accepted as a basis for any claim whatsoever by the contractor for additional compensation.

26. NO COMMITMENT BY COUNTY OF GALVESTON:
This Invitation to Bid does not commit the County of Galveston to award any costs or pay any costs, or to award any contract, or to pay any costs associated with or incurred in the preparation of a bid in response to this Invitation to Bid and does not commit the County of Galveston to procure or contract for services or supplies.

27. BID COSTS BORNE BY BIDDER:
Galveston County shall not be liable for any costs incurred by Bidder in preparation, production, or submission of a bid and shall not be liable for any work performed by Bidder prior to issuance of fully executed contract and properly issued notice to proceed. Galveston County shall not be liable for any costs incurred by Bidder by reason of attending a pre-Bid conference. Galveston County shall not be liable for any costs incurred by Bidder by reason of the County invoking use of best and final offers.

28. BEST AND FINAL OFFERS (BAFO):
In acceptance of bids, the County of Galveston reserves the right to negotiate further with one or more of the Bidders as to any features of their bids and to accept modifications of the work and price when such action will be in the best interest of the County. This includes solicitation of a Best and Final Offer from one or more of the Bidders. If invoked, this allows acceptable Bidders the opportunity to amend, change or supplement their original bid. Bidders may be contacted in writing requesting that they submit their Best and Final Offer. Any such Best and Final Offer must include discussed and negotiated changes.

29. SINGLE BID RESPONSE:
If only one bid is received in response to the Invitation to Bid, a detailed cost bid may be requested of the single contractor. A cost/price analysis and evaluation and/or audit may be performed of the cost bid in order to determine if the price is fair and reasonable.

30. CHANGES IN SPECIFICATIONS:
If it becomes necessary to revise any part of this bid, a written notice of such revision will be provided to all Bidders in the form of addenda. The County is not bound by any oral representations, clarifications, or changes made in the written specifications by the County’s employees, unless such clarification or change is provided to Bidders in a written addendum from the Purchasing Agent.

The County of Galveston reserves the right to revise or amend the specifications up to the time set for opening of bids. Such revisions and amendments, if any, shall be announced by amendments to the solicitation. Copies of such
GENERAL PROVISIONS
SHERIFF DEPARTMENT UNIFORMS & SUPPLIES
GALVESTON COUNTY, TEXAS

amendments shall be furnished to all prospective contractors. Prospective contractors are defined as those contractors listed on the County’s Invitation to Bid list for this material/service or those who have obtained documents subsequent to the advertisement. If revisions and amendments require changes in quantities or prices proposed, or both, the date set for opening of bids may be postponed by such number of days as in the opinion of the County shall enable contractors to revise their bids. 4.2. Ballistics Performance (Special Threats Testing)

4.2.1. The AXIII/A has been tested in accordance with the FBI Test Protocol Version 4.1, dated 22 May 2014. Shots against the armor samples were performed at 0.0° obliquity and ambient range temperature (67 ± 1 °F). Each sample was conditioned to a specific parameter prior to testing. For each shot, the target was strapped to a gelatin block. The ballistic resistance test was performed at an NIJ independent laboratory using the following threats:

- 9-mm NATO, 124-grain full metal jacketed (FMJ) projectiles
- 9-mm-127-grain supreme expansion technology (SXT) projectiles
- 9-mm-147-grain gold dot hollow point (GDHP) projectiles
- .40-cal., 180-grain S&W Speer gold dot hollow point (GDHP) projectiles
- .45 Auto, 230-grain brass jacketed hollow point (BJHP) projectiles

### 4.3. Ballistic Panels

All materials are new and without flaws that affect appearance, durability, and function. The ballistic panels are constructed of a matrix of UD Polyethylene and Woven Aramid fabrics. Self-Suspending Ballistic System™ (SSBS) provides optimal protective coverage. Each ballistic panel is covered in 100% weldable Nylon 210D double wall ripstop with TPU coating.

### 5. Quality and Warranty

#### 5.1. Quality

Point Blank Enterprises, Inc. is ISO 9001-2008 Certified. ISO 9000 refers to a set of quality management standards that are recognized and respected internationally to facilitate manufacturing excellence. Point Blank Enterprises, Inc. products and services are managed, controlled, and assured by a registered ISO 9001 Quality Management System.
5.2. Warranty

5.2.1. Warranty Card - Included with the outer shell carrier is a warranty registration card that must be completed and returned to the manufacturer’s address posted on the card for the warranty to be effective.

5.2.2. Warranty – Outer Shell Carrier - The outer shell carrier and other non-ballistic components are warranted to be free from material and manufacturing defects for 24 months from the date of issue to the individual user, as verified by the warranty card. During the warranty period, any garment having a manufacturing or material defect, as determined through inspection by an authorized Point Blank Enterprises representative, will be repaired or replaced at no cost to the customer. The outer shell carrier warranty shall be void if the product has been altered, abused, misused, stored improperly, or not cleaned in accordance with cleaning instructions.

5.2.3. Warranty - Soft Ballistic Component

The bullet/stab-resistant elements are warranted to perform to their NIJ-certified standard for a period of five years from the date of issue to the individual user, as verified by the warranty card.

The bullet/stab-resistant elements of this system have been tested and certified by the National Institute of Justice and passed the compliance requirements of the NIJ Standard for Ballistic Resistance of Personal Body Armor.

The ballistic elements are warranted to be of the same construction and design as the original NIJ certified model listed on the label. During the warranty period, any soft ballistic component having a manufacturing or material defect, as determined through inspection by an authorized Point Blank Enterprises representative, will be repaired or replaced at no cost to the customer.

Should the soft body armor ballistic panel cover be compromised (cut, torn or frayed); it should not be worn and immediately returned to the manufacturer for inspection and repair. If the damage is the result of normal wear and tear, the damage will be repaired free of charge. If however, the damage is the result of improper care, storage, or abuse, determined solely by Point Blank Enterprises, then Point Blank Enterprises will advise the owner of recommended repair or replacement costs. The ballistic/stab-resistant elements of this system will reduce the possibility of serious physical injury to the wearer in the areas covered by the ballistic or stab elements. There should be no expectation of bullet or stab resistance in areas not covered by the ballistic or stab element. The ballistic or stab element is not warranted to be bulletproof or stab proof.
5.2.4. Warranty Coverage Exceptions

The warranty does not cover and is void for:

- Any garment altered or modified in any way other than Point Blank Enterprises authorized factory alterations
- Any ballistic or stab element that has been altered or modified in any way other than Point Blank Enterprises authorized factory alterations
- Any ballistic or stab element not in a Point Blank Enterprises outer shell carrier from any of the core brands (Point Blank Body Armor, Protective Apparel Corporation of America (PACA), Protective Products or PARACLETE®) except as approved by Point Blank Enterprises
- Damage as a result of abuse or misuse
- Damage as a result of improper storage or maintenance
- Penetrations as a result of ballistic or stab testing
- The results of any specific ballistic or stab testing
- Injury as a result of bullets or other projectiles or instruments not impacting the ballistic or stab element
- The warranted items herein are expressly in lieu of other warranties, express or implied, including the implied warranties of merchantability, fitness for particular purpose and other warranties arising from a course of dealing, usage or trade
- There are no warranties, express or implied, including the implied warranty of merchantability, which extend beyond the description on the face hereof. There are no warranties, express or implied, that extend beyond the warranty period set forth herein

6. Product Liability Insurance

Vest manufacturer shall agree to provide a minimum of $26,000,000 product liability insurance coverage on delivered vests.
7. Silence of Specifications

Commercially accepted practices shall apply to any detail not covered in this specification and to any omission of this specification. Any omission or question of interpretation of the specification which affects the ballistic performance or integrity of the soft body armor being offered shall be addressed in writing and submitted with the bid.

8. Labeling

8.1. Material

Label material shall withstand normal wear and cleaning and remain readable during the entire warranted life of the armor or carrier.

8.2. Label Requirements

All soft body armor shall be labeled in strict adherence to the label requirements identified in NIJ-Standard-0101.06, Ballistic Resistance of Body Armor, and the NIJ’s Compliance Testing Program (CTP).

The ballistic panel label shall include, but not be limited to the following:

- Name of Manufacture
- Manufacture Address
- Level of Protection
- NIJ-0101.06
- Date of Manufacture
- Date Issue
- Size
- Serial Number
- Model of Vest
- Care Instructions
- Warranty Period
- Warranty Contact Information

Point Blank Enterprises, Inc. (PBE), which includes Point Blank Body Armor, Protective Apparel Corporation of America (PACA), Protective Products Enterprises (PPE), and Paraclete, encourage valid body armor testing for the purpose of acceptance testing of new vests, and as a tool to be used to evaluate used body armor replacement cycles. In order to provide our customers with guidance in this area, we offer the following recommendations that may help in providing the tools to make informed decisions in buying new armor as well as replacing used armor.

PBE recognize and recommends properly performed ballistic testing in accordance with NIJ-0101.06 CTP Conformity Assessment Section 7.5 (NIJ BA CTP Application Package: 005) for new armors. All testing will be performed at an NIJ approved ballistic test laboratory. Only bullets listed in NIJ-Standard-0101.06 table 10 will be utilized. Each ballistic test shall be conducted on a complete vest and in accordance with NIJ-0101.06 CTP Conformity Assessment Section 7.5 (NIJ BA CTP Application Package: 005). Panels shall be shot against clay backing material, which has been conditioned in accordance with NIJ-0101.06. Prior to each shot, the panel will be placed flat against the clay backing material. For acceptance testing, vest samples shall be new and in unused condition.

9.1. Minimum Sample Size

In order to have valid test data, minimum representative samples should be tested. For new vests acceptance testing the recommended minimum representative sample size should be no less than 3 vests (6 panels). In the case of used vest evaluation testing, the recommended minimum representative sample size should be 5 vests (10 panels). Representative samples should be of the same model and in the case of used vests, the same Wear Rating category.

9.2. New Vest Testing Recommendations

For acceptance testing of new, unused vests, the armor should be expected to have no perforations at the NIJ-0101.06 reference velocities. In addition, BFS will not be measured in accordance with NIJ-0101.06 CTP Conformity Assessment Section 7.5 - NIJ BA CTP Application Package: 005.
9.3. **Additional Samples Sets** - If there is a perforation of a representative armor sample during the initial testing, then additional samples should be tested to verify the results of the initial testing. It is recommended that three additional samples sets be tested. In order for the representative sample group to be acceptable, there should be no perforations in any of the additional samples sets at the NIJ-0101.06 reference velocities for that class of armor.

10. **NIJ-0101.06 Reference Velocities**

Refer to Table 4 P-BFS performance test summary chart. Page 46 NIJ-Standard- 0101.06.

11. **Used Vest Evaluation**

Used body armor evaluations are necessary and will help the consumer or organizational administrator in determining when to replace armor that is past its practical service life. The following information and recommendations are offered and may be useful in making these determinations.

Vests that are in service will experience some loss of ballistic performance as a result of normal wear. The amount of wear or lack of proper care is closely related to the amount of performance loss. Therefore it is critical that body armor is cared for and stored as recommended by the manufacturer. In addition, armor should be inspected on a regular basis for signs of unusual wear and/or improper care. Armors that are found to be in poor condition should be replaced as soon as possible. In addition, if there are breaks in the ballistic cover (torn, worn through, open seams) the vest should be taken out of service and replaced immediately. It should be clearly understood that wear rates are not directly related to time in service or length of the manufacturer’s warranty. Armor wear is similar to automobile tire wear. Some drivers wear out tires faster than others. Similarly, some officers wear out their vests sooner than others. Vests that are worn out should be replaced regardless of the time it has been service or the length of the manufacturer’s warranty.
11.1. Used Vest Inspection and Rating
Due to the potential wear condition variability of used vest samples each vest sample must be inspected on a regular basis for wear condition and any indications of abuse or improper care. After inspection the samples should be Wear Rated according to their condition and if ballistic testing is anticipated, grouped accordingly. The recommended Wear Ratings categories are listed below:

- **Wear Rating #1 - Good condition** - Light wear, no set wrinkles or stains, ballistic cover intact
- **Wear Rating #2 - Fair condition** - Moderate wear, some set wrinkles at edges, light staining, and ballistic cover intact
- **Wear Rating #3 - Poor condition** - Replacement should be considered if any of the following are present: Heavy wear, set wrinkles, staining of the ballistic cover, breaks in the ballistic cover or open seams
- **Wear Rating #4 - Very poor condition** - Should be taken out of service and replaced if any of the following are present: Creases, folds, set wrinkles, staining or signs of mildew or chemical contact, breaks in the ballistic cover, open seams, ballistic cover very worn or worn through

11.2. Used Vest Degradation
If ballistic testing is conducted, it should be expected that used vest samples will show some performance degradation over new unused vest samples. It should also be expected that some used vest samples will show performance degradation that may be below the NIJ-0101.06 reference velocity for new vests. Although this may be the case in some used vest samples, it should be understood that actual street threat velocities are lower than the NIJ-0101.06 reference velocity according to manufacturer's published literature.

11.4. Recommended Used Vest Evaluation Testing

Although the NIJ-STD-0101.06 makes no direct correlation between “Conditioned Vest testing” and actual used vest service life, the reference velocities for “conditioned” vest could be utilized as a guide for testing used vests. “This protocol will not predict the service life of the vest nor does it simulate an exact period of time in the field.” (Pg. 27 NIJ-0101.06).

11.5. Used Vest Ballistic Performance Expectations

Wear Rating #1, #2 or #3 - Good Fair and Poor Condition - When testing representative sample groups with Wear Ratings of #1, #2 or #3, there should be no perforations below the Conditioned Armor test velocities as set forth in the NIJ 0101.06 Compliance Testing Program. Refer to Table 4 P-BFS performance test summary chart. Page 46 NIJ-Standard-0101.06. If there is a perforation of a representative armor sample during the initial testing, then three additional representative samples sets should be tested to verify the results of the initial testing. If the verification testing results in any additional perforations, then it is recommended that the representative group is replaced by the agency.

Wear Rating # 4 - Very poor condition - Since vests in this category should be replaced, there should be no specific expectation of ballistic performance. Although some vests in this category may still provide ballistic protection, tests results will not be consistent and therefore cannot be relied upon.

9. Subcontracting or Assignment: Contractor may not assign, sell, or otherwise transfer this Contract in whole or in part without prior written permission of the County. **Part I Taxpayer Identification Number (TIN)**

Enter your TIN in the appropriate box. The TIN provided must match the name given on Line 1 to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see How to get a TIN on page 3.

**Note:** If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

**Part II Certification**

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and

2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and

3. I am a U.S. citizen or other U.S. person (defined below).

**Certification Instructions.** You must cross out Item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, Item 2 does not apply.

For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the Certification, but you must provide your correct TIN. See the instructions on page 4.

**General Instructions**

Section references are to the Internal Revenue Code unless otherwise noted.

**Purpose of Form**

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),

2. Certify that you are not subject to backup withholding, or

3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners’ share of effectively connected income.

**Note:** If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester’s form if it is substantially similar to this Form W-9.

**Definition of a U.S. person.** For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

**Special rules for partnerships.** Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners’ share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following case:

- The U.S. owner of a disregarded entity and not the entity.
The U.S. grantor or other owner of a grantor trust and not the trust, and

- The U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person, do not use Form W-9. Instead, use the appropriate Form W-8 (see Publication 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-8 that specifies the following five items:

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exemption to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-8 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity not subject to backup withholding, give the requester the appropriate completed Form W-8.

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 28% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester.
2. You do not certify your TIN when required (see the Part II instructions on page 3 for details).
3. The IRS tells the requester that you furnished an incorrect TIN.

4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or

5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See the instructions below and the separate instructions for the Requester of Form W-9.

Also see Special rules for partnerships on page 1.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of $50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a $500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

1 See Form 1099-MISC, Miscellaneous Income, and its instructions.
2 However, the following payments made to a corporation (including gross proceeds paid to an attorney under section 6045(f), even if the attorney is a corporation) and reportable on Form 1099-MISC are not exempt from backup withholding: medical and health care payments, attorneys' fees, and payments for services paid by a federal executive agency.

**Part I. Taxpayer Identification Number (TIN)**

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see How to get a TIN below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN. However, the IRS prefers that you use your SSN.

If you are a single-member LLC that is disregarded as an entity separate from its owner (see Limited liability company (LLC) on page 2), enter the owner’s SSN (or EIN, if the owner has one). Do not enter the disregarded entity’s EIN. If the LLC is classified as a corporation or partnership, enter the entity’s EIN.

**Note.** See the chart on page 4 for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local Social Security Administration office or get this form online at www.ssa.gov. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/businesses and clicking on Employer Identification Number (EIN) under Starting a Business. You can get Forms W-7 and SS-4 from the IRS by visiting www.irs.gov or by calling 1-800-TAX-FORM (1-800-829-3676).

If you are asked to complete Form W-9 but do not have a TIN, write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradeable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

**Note.** Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

**Caution:** A disregarded domestic entity that has a foreign owner must use the appropriate Form W-8.

**Part II. Certification**

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if items 1, 4, and 5 below indicate otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). Exempt payees, see Exempt Payee on page 2.

**Signature requirements.** Complete the certification as indicated in 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out Item 2 in the certification before signing the form.
3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

Secure Your Tax Records from Identity Theft

Identity theft occurs when someone uses your personal information such as your name, social security number (SSN), or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:
- Protect your SSN.
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

Call the IRS at 1-800-829-1040 if you think your identity has been used inappropriately for tax purposes.

Victims of identity theft who are experiencing economic harm or a system problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-TAX-4330 or TTY/ID 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to phishing@irs.gov. You may also report misuse of the IRS name, logo, or other IRS personal property to the Treasury Inspector General for Tax Administration at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at: spam@uce.gov or contact them at www.consumer.gov/idtheft or 1-877-IDTHEFT (438-4338).

Visit the IRS website at www.irs.gov to learn more about identity theft and how to reduce your risk.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons who must file information returns with the IRS to report interest, dividends, and certain other income paid to you, mortgage interest you paid, the acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA, or Archer MSA or HSA. The IRS uses the numbers for identification purposes and to help verify the accuracy of your tax return. The IRS may also provide this information to the Department of Justice for civil and criminal litigation, and to cities, states, the District of Columbia, and U.S. possessions to carry out their tax laws. We may also disclose this information to other countries under a tax treaty, to federal and state agencies to enforce federal non-tax criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism.

You must provide your TIN whether or not you are required to file a tax return. Payees must generally withhold 28% of taxable interest, dividends, and certain other payments to a payee who does not give a TIN to a payee. Certain penalties may also apply.
